Plans Are Complete For Annual Celebration Of Memorial Day, Wednesday

WAR VETERANS TO MARCH IN PARADE

Public Meeting To Be Held In Penn Theatre At 9:30 o'clock

All arrangements have been completed by the committee representing the various veterans organizations and patriotic orders of the city, for the solemn observance of Memorial Day, on Wednesday, when the soldier, dead of all wars will be honored. The customary program will be carried out in the city as in past years, the observance being featured by a parade of the veterans and their friends from the Legion Home on North Jefferson street, to the Penn Theatre, where exercises will be carried out, followed by a parade to Greenwood cemetery for the concluding exercises of the day. The marchers will assemble at the Legion Home at 8:45 and the parade will move promptly at 9 o'clock. Lieut. John D. Kennedy, who is chief marshal of the parade announced today. The parade will move down Jefferson street to the Diamond, east on Washington St., to Mercer and thence to the Penn Theatre.

New York Honoring Daring French Fliers

(International News Service)
NEW YORK, May 29.—Captain Maurice Rossi and Lieut. Paul Codos, gallant French airmen, who prefer being living men to dead heroes, were to be given an official reception by New York City today. The aviators, who landed at Floyd Bennett field yesterday far short of their goal on their projected non-stop all time distance hop from Paris to the Pacific coast, were keenly disappointed, but the reception was expected to refresh their spirits.

DELINQUENT TAX BURDEN IS SHOWN

Grangers Say From 90 To 99 Per Cent Of Farmers Oppose New Court House

Resolutions protesting against the erection of a new court house, and calling upon the county commissioners and other taxing bodies to do all in their power to reduce taxes, were passed at a protest meeting held at the court house last night. Figures from city and county treasurers were presented to show that large bonded debts are hanging over the homes of the county; that an enormous amount of tax is delinquent, that tax liens are increasing and that many citizens have been unable to pay any taxes for the past three years.

The meeting was called by J. Audley Boak, master of the state grange at the request of the different

WILL ROGERS SAYS:

(Special To The News)
BEVERLY HILLS, Cal., May 29.—Secretary of Agriculture Wallace is out our way here. He has got a tough job; it's by far the toughest job in the cabinet. Sec. of the navy only has to deal with an admiral; Sec. of the army with the generals; postmaster general with the politicians; but when you deal with the farmer, you are dealing with a man who is a dealer himself.

So if I was Wallace I would say:
"Boys, you are all just too good farmers. You raise too much. If you just wouldn't be so expert for a few years!"
"It don't do any good to plow under every third row, if you are going to raise more on the other two than you did on the three."
"Your efficiency is driving you to the poor house, so please don't be such good farmers."

Yours,
Will Rogers

U. S. Challenges Europe In Move To End Warfare

(International News Service)
WASHINGTON, May 29.—Challenging Europe to let actions speak louder than words, the United States today took the lead in the movement to end the warfare between Paraguay and Bolivia by curtailing their supply of munitions. Acting independently on the eve of the disarmament conference meeting at Geneva, President Roosevelt issued a proclamation prohibiting the sale of American munitions to the two belligerents. His action represents the first time the United States has placed a virtual embargo on the shipment of munitions to both sides at war. Action by this government alone represents more of a moral gesture than an effective means of stopping the flow of arms to the two belligerents. There is nothing to prevent them from purchasing war supplies from the other nations and in an international embargo, the move will fall short of its intended purpose.

Pennsylvania To Receive \$11,500,000 Federal Aid For Month

TO COMPLETE CWA PROJECTS LEFT OVER

(BULLETIN)
WASHINGTON, May 29.—Pennsylvania will get \$11,500,000 more in June for unemployment relief than was granted in May, Eric H. Biddle, state relief administrator, said today following a conference with Relief Administrator Harry L. Hopkins. The total allocation for June is \$11,500,000, compared with \$10,000,000 in May. Biddle explained the increase as due to the necessity of completing left-over projects from civil works.

Weirton Steel Company Gets Court Decision

Government Defeated In Effort To Force Compliance With NRA

INJUNCTION IS DENIED GOVERNMENT

Next Move Of U. S. Against Weirton Company Is Now Awaited

(BULLETIN)

WILMINGTON, Del., May 29.—The United States government was defeated today in its effort to force the giant Weirton Steel Company to comply at once with the labor provisions of the National Recovery Act.

The government's motion for a preliminary injunction to restrain Weirton Steel from violating the N. R. A. was denied in an opinion handed down in federal district court here by Judge John P. Nields.

Steel Company Wins First Phase
Thus, the huge steel corporation, which has vigorously resisted government intervention in its relations with its employees, emerged triumphant in the first phase of a long-drawn out struggle regarded at the most important test of the constitutionality of the N. R. A.

The motion denied by Judge Nields today prayed for an injunction to be in force pending final outcome of an equity suit filed by the government against Weirton Steel, a subsidiary of the National Steel Corporation.

The judge rejected the plea for an injunction on the ground that the government's "pleadings and affidavits disclose that the plaintiff's contentions in fact and in law are seriously disputed." He declared that, besides a "conflict of material facts," there exists the "question as

It isn't a day for a holiday, not a day for a gay good time, that isn't the reason the flags will be out and the bells in the steeples will chime. It's a holy day, one of reverence, for the fellows who wore the blue, who shed their blood for the Stars and Stripes, who did it for me and you. It's a day for respect for that thin red line, that thinner each year seems to grow, that pitiful handful of aged vets, waiting their time to go. Not a day for sports and for carefree joy, it's a memory stirring day, for the lads in Blue and for all of us, it's warm, eighty-six today.

PREPARE FOR FUTURE CIVIC CITY ACTIVITY

Begin Program Of Chamber Of Commerce Today

Executive Committee Meets To Map Out Expansion Of Activities

MORE EXTENSIVE PROGRAM PLANNED

Looking towards the expansion of activities on the part of the New Castle Chamber of Commerce, a meeting of the Executive committee, presided over by General Chairman M. J. Donnelly and Associate Chairman Thomas H. Hartman, was held in the directors' room of the Chamber of Commerce this morning.

Plans for the furthering of the expansion activities of the organization were discussed in detail and additional appointments made to positions of responsibility in the expansion organization which will be functioning next week.

General Sales Manager Earl S. Machin, announced his four assistants for next week's activities. They are: DeLace Cole, chairman of Division A; James M. Smith, Jr., chairman of Division B; Paul G. Dingley, chairman of Division C; and A. H. Gonick, chairman of Division D. The names of those taking leading parts in the program of the week of June 4 under the division chairmen will be named within a day or so, it was said.

"While activities of the New Castle Chamber of Commerce have of necessity been curtailed somewhat during the past few years," General Chairman Donnelly said at the conclusion of this morning's session, "Our community is to be congratulated for having made it possible to carry on the more important activities of its Chamber of Commerce. Many industrial centers have found it necessary during the worst years of the depression to withdraw entirely the activities of their Chamber of Commerce. New Castle business and professional men and women have not permitted this to happen, however, and with the turn towards more prosperous days, it behooves those of us who are interested in the future of New Castle to launch our Chamber of Commerce on a more active program than ever before. Next week will mark the beginning of that time."

LOVELY PARTY AT MRS. W. E. FERVER'S

A beautiful summer day, a charming hostess and a congenial group of women, combined to make the closing meeting of The Reading Circle Monday afternoon, in the lovely suburban home of Mrs. William E. Ferver on the Wilmington road, one of the most delightful affairs ever held by the club.

Fifty some guests were present, including a number of former members who particularly enjoyed the privilege of being back again. The president, Mrs. Laura Parkes, presided over a brief business session during which several excellent reports of the year's accomplishments were heard: Mrs. Nellie M. Brooks spoke for the courtesy committee; Mrs. W. W. Hove for the blind department; Mrs. W. W. McGeorge, American Home; Mrs. Charles Greer, educational division.

New programs were distributed by the committee composed of Mrs. George D. Morris and Miss Margaret Smith, these disclosing an interesting year when meetings resume in the fall.

The afternoon's entertainment was under the direction of Mrs. B. M. Rogers who introduced a group of high school students as performers. Two character readings by "Jimmy" Smith were humorous and well rendered, these being followed by a playlet entitled "When Gramma Pulls the Strings". The cast including Misses Ruth Shale, Marian Evans, Mary Miller, Vivien Jones, Doris Marvin and Gerald George, was good and the plot as it was unraveled created much merriment.

Miss Marian Hughes gave two splendid readings: "A Sidekick Controversy in The Ghetto" and "Mrs. Kelly at the Seance". A puppet show was well presented by Miss Nancy Westlake in conclusion.

For tea and delicious refreshments, the guests were invited to the dining room which was a bower of beauty with handsome baskets of garden flowers used as table decorations, these being artistically arranged with the club's colors, lavender and yellow. Tall, slender yellow and lavender tapers in silver holders were on either end, lending additional beauty.

Mrs. Ferver and Mrs. Parker presided before beautiful silver tea services and the social committee assisting was composed of Mrs. George W. Conway, Mrs. W. A. McKee, Mrs. John Savoline and Mrs. J. F. Rentz.

LINEN SHOWER HONORS MISS DOROTHY COLGAN

Miss Dorothy Florence Colgan, of Norwood avenue, who will become the bride of Franklin Allyn Clary, Jr., of Sharpville, in June was again feted Monday evening at an informal party in the home of Miss Eloise Cole on Euclid avenue.

Several tables were brought into play for the contract game concluding which pretty favors were given to Miss Colgan and Miss Grace Streib.

Featuring was a shower of beautiful gifts of linens for the honoree and the evening's pleasures were concluded with a dainty luncheon in spring colors served by the hostess and her aides, Mrs. Lauri and Miss Streib. Beautiful roses were used as decorations.

Attends Graduation

Miss Elizabeth Harvard has returned from Indiana, Pa., where on Monday she attended the graduation of her niece Miss Peggy Louise Wiggins, daughter of Mr. and Mrs. Frank Wiggins of Coraopolis, Pa. Miss Wiggins graduated with a Bachelor of Science degree in public school music, minoring in English. She is a member of the Alpha Sigma Pi sorority and was a member of the chorus of the college. She will spend several weeks in New Castle and on Saturday will be a member of the bridal party of the Pitzer-Ritchie wedding. Later she will spend two months in the Adirondacks as a counselor in the girls camp of the Marble Collegiate Church of New York.

Kibler-Erdman

Motoring down from Cleveland Ohio, Monday afternoon, Miss Edna R. Kibler and Edward Erdman were married at 2 o'clock by Alderman O. H. P. Green.

Others from Cleveland witnessed the ceremony. The bride was gown in white with matching accessories, her bouquet being of bride's roses with lilies of the valley.

QUOTA CLUB HAS MEMORIAL PROGRAM

The Quota Club of New Castle had a very interesting Memorial program at their dinner meeting at the Elks Club last evening.

The table was cleverly appointed to depict Flanders Field. Illness and previous engagements prevented any of the Civil War veterans from attending, but Walter Reynolds, veteran of the Spanish-American war, and Major Guy J. Wadlinger, Veteran of the World War, were present and gave very interesting accounts of their experiences. Major Wadlinger stressed the theme of preparedness all through his talk and foretold what he believed would be some of the conditions of the next war.

Mrs. Reva Gormley and Miss Lila Henshaw, accompanied by Miss Marguerite Cordes, sang solos which were popular at the time of the various wars in the history of our country, which were well received.

The program for the meeting next Monday evening will be announced later.

Young People's Party

A happy group of young folks were entertained in the home of Miss Jean Green at the Harbor May 25, with games and music providing an enjoyable entertainment.

A dainty reception followed at a later hour. Mrs. Green being assisted by Janet and Jean Green. Yellow and white tones were developed in appointments and covers were laid for twenty-two guests.

BIRTHS

Mr. and Mrs. George Reese, of Hillsville, announce the birth of a son Monday morning, May 28.

Mrs. N. M. Joseph of Winter avenue, has been called to Butler by the serious illness of her mother, Mrs. Rose Groves who is in the hospital at that place.

Mr. and Mrs. Thomas Helle, West Pittsburgh, had a son, Robert Dale, born to them Saturday, May 26.

A son was born this morning to Mr. and Mrs. E. J. Ralston, 630 1/2 East Washington street.

FRONIUS TO BE CHARGED WITH MANSLAUGHTER

Mill street at a high rate of speed. When the old man was struck, the motorcycle continued down some little piece, Fronius being thrown from the machine by the impact.

He stated that he ran to the side of the injured man, who was bleeding from the nose. Before he could get to him, several other men appeared and placed him in a machine and took him to the hospital.

Saw Man Struck

Frank Mele, of 504 East Reynolds street, stated that he was coming up Mill street in a machine at the time Satar was struck. He said that he saw the old man crossing the street, and the motorcycle coming down. Satar, he said, seemed to hesitate momentarily, as did the driver of the motorcycle, and then the aged man was struck and knocked down.

Fronius, stated that he was on his way home from work, and fixed the time of the accident as about 5:30 in the evening on May 22. He had passed a car just before he reached Lutton street, when he saw an old man crossing the road ahead of him. He had come from the right side of the street and was crossing to the left he stated. When he came near to him, Fronius, stated that he looked at the old man, and the old man took a step forward, and then stepped back and then forward again. He swerved to the right to avoid striking Satar, and as he did so, Satar stepped in front of the motorcycle.

The coroner's jury which heard the evidence in the case was composed of E. E. Linsley, William Reck, Carl Staebler, J. N. McCandless, Charles E. Allen and James Cooper.

Just how she was lured or forced into the garage was a puzzling element in the tragedy. Police held one theory that she may have known the murderer.

DAVIS OUTLINES U. S. ARMS POLICY AT CONFERENCE

(Continued From Page One)

security by pre-war military alliances that they are "inviting a terrible risk for the future". Furthermore, he warned they cannot count on the United States to join in any such military alliances.

Will Not Participate

"The United States," he said, "will not participate in European political negotiations and settlements and will not make any commitments whatever to use its armed forces for the settlement of any dispute anywhere."

"In effect, the policy of the United States is to keep out of war, but to help in every possible way to discourage war."

In proposing universal control of the implements of war, Davis said the United States was prepared to negotiate in connection with disarmament an international agreement for the regulation of the manufacture of and traffic in arms and munitions.

"The people of the United States are aroused at the evils which are being revealed in the production and the traffic in munitions of war," Davis said.

"The American people and government are convinced that by some means the production and traffic in engines of death and the profits resulting therefrom, must be controlled or eliminated."

So Much Evil

"Those who have a sordid, financial interest in fomenting international suspicion and discord, which in turn increases the demand for what they have to sell, must be put in a position in which they do not have the power or the incentive to do so much evil."

"If we are to foment international good will and stability, we must take effective steps to control or suppress the forces which have a material interest in fomenting distrust or discord."

My government is ready to join in measures for suppressing this evil and is prepared to negotiate in connection with disarmament a treaty that would deal drastically with this problem."

A four point policy outlined by Davis was as follows:

1. Abolition of offensive weapons of war.

2. A universal pact of non-aggression, providing that no nation shall send its armed forces across the frontiers of other nations.

3. Willingness to consult in the event of a breach of peace treaties.

4. International control of armament.

winter and spring CWA and RWD made roads through the park.

Not all the carnival features of other years are at the park but there remain the merry-go-round, dodg'em, skee ball court, gorge ride, restaurant, refreshment stands and the Glenn pool. Indications are that thousands of persons will visit the park early and stay late Wednesday.

Roads Dustless

It was reported by Manager Coulthard that Cascade boulevard has been given a coat of calcium chloride for its entire width. The same material has been put on the road which runs through the park and it is unlikely that any dust will be raised by the motorists who travel through the recreation center.

The parking plot has been put in condition and is large enough to accommodate thousands of cars. Persons who wish to drive through the park can enter by roads from Cunningham park, Cascade boulevard or the stone entrance in East Washington street.

City to Police Park

Police from the city have been sworn in and have police powers at the park and several will be assigned there Memorial day by Police Chief John Haven. The park itself also has several policemen headed by Pat Kearns who was on duty last year.

The stone entrance will have been completed by Wednesday, according to Coulthard who also stated that the flowers reared by Michael Ross in the park greenhouses during the winter have been transplanted and a large number of them are in bloom. The number of flower beds have been increased.

MOTHERS-DAUGHTERS BANQUET ENJOYABLE

Mothers' and daughters' entertainment presented by the juveniles and the dramatic club of Branch 467, L. C. B. A. in St. Joseph's social rooms was immensely enjoyed by the 85 guests present.

Readings were given by Jeanne Metz and Grace Mariacher, recitations by Cathleen Blake, Edna Louise Flynn and Helen Metz, a piano solo by Cathleen Blake and a song by a quartet consisting of Katherine Ritchie, Mrs. Joseph Mariacher, Perina Monzee and Coletta Preisel were all well rendered.

A song, "Mother," with its variations, was presented by Mrs. Elizabeth Fee, Rita Metz, Ann Mariacher, Virginia Katterson and Mrs. Carrie Stitzinger was especially pleasing. The one-act play in which the above mentioned members took part was a decided success. After the program, there was an informal social period, with cards as the principal diversion, this being equally entertaining.

Favors for high score in 500 went to Mrs. Frances Donnelly and Mrs. Ruth Miller, in bingo to Mrs. Josephine Mariacher and Cathleen Blake. A dainty gift was presented to Mrs. Margaret Walzer and Mrs. Anna Seger, as they were the oldest mothers present.

Hostesses for this affair were Mrs. Anna Blake, Mrs. Clara Mariacher, Mrs. Marie J. Metz and Mrs. Rose King.

Oke-Dok Club

Mrs. Arthur Fulkerson received the Oke-Dok club at her home on Laurel boulevard Monday evening.

ETHELYN DOUTHETT HONORED BY PARTY

Twenty-five friends of Miss Ethelyn Douthett, who is to be married on Friday, June 1, gathered at the home of Miss Francis Hickok, 1109 Wilmington avenue, Monday evening for a miscellaneous shower in Miss Douthett's honor. Miss Virginia Allen was associate hostess of the occasion.

The hours proved to be most delightful for everyone, with games and chat as amusements. Later the guests were served a delicious lunch at a table elegantly decorated with a centerpiece depicting in miniature figures a bride and groom. Talismans roses added to the attractiveness of the array.

A special guest of the evening was Mrs. J. C. B. Douthett, mother of the bride.

Miss Douthett received a large number of lovely gifts as souvenirs of the party.

FORMER RESIDENTS HAVE ANNIVERSARY

Friends here will be pleased to know that Wednesday, May 30, Mr. and Mrs. C. P. McCreary of Pasadena, Calif., will quietly celebrate their 58th wedding anniversary.

Until nine years ago Mr. and Mrs. McCreary were residents of this city and their many friends will join in wishing them the joys of the day and many more years together.

Y. L. M. S. MEETS

The members of the Y. L. M. S. of the Reformed Presbyterian church assembled at the home of the president, Mrs. Edith Campbell, Court street, Monday evening with 15 members present.

Plans were made for a picnic in June and reports were given of the presbytery conference in Pittsburgh recently. One new member was enrolled and it was decided to meet the second Tuesday of each month. Refreshments were served by the hostess.

PARTIES AT HILL HOME ARE DOUBLE AFFAIRS

Gathering at the home of Mr. and Mrs. Carl W. Wallace on Blaine street Saturday evening, a congenial number of some 30 young married folks wended their way across the street to the home of Mr. and Mrs. Frank W. Hill and surprised them, the affair honoring their eighth wedding anniversary.

After recovering their composure, the honored guests had tables set up for a game of cards and at the conclusion of the seven-table contest, lovely prizes were awarded to Mrs. John Wagner, Mrs. Harry Haymond, Mrs. Carl Wallace, Carl Lockhart, Dr. Frank Dorsey and Alex Black.

At an appropriate time an appetizing luncheon was served from filled baskets which the crowd brought with them. Aides were Mrs. Fred Hill, Mrs. W. G. McMullen and Mrs. Carl Wallace, the latter of whom was the instigator of this enjoyable party.

Mr. and Mrs. Hill received a lovely collection of gifts.

As Saturday also marked the fourth birthday of little Ruth Ann Hill, the day was doubly commemorated in that a group of happy children gathered in the afternoon at the Hill home to commemorate her fourth birthday.

About 25 children romped and made merry with various games from 3 to 5 o'clock when they were ushered into the dining room for dainty refreshments.

One long table was attractive in decorations of spring blooms with a large birthday cake as a centerpiece. The children were seated around this large table and at several smaller ones arranged in the living room. Assisting Mrs. Hill during the afternoon were Mrs. William Gettings and Lily Belle Hill.

Many pretty presents will serve as happy reminders of this event for Ruth Anne.

Brilliant Tea Marks Close Of Season For Woman's Club

The closing of the club season is always a brilliant fete for the members of the New Castle Woman's Club and this year was no exception. Monday afternoon, almost 200 women joined in the Resume Tea at the Field club.

Mrs. E. F. G. Harper, retiring president of the club, graciously presided over the business of the afternoon, when a review of the year's work was presented by the heads of departments and standing committees. Mrs. J. E. Elliott presented resolutions on the death of Miss Mary Aiken, who had for so many years been an active member.

Mrs. H. C. Dinsmore read the secretary's report; the treasurer's report was given by Miss Lottie Nicklin, showing the club to have had a most successful year, and Mrs. B. M. Mott reported on the activities of the corresponding secretary.

Mrs. T. A. Gilkey, parliamentarian, gave a review of what has been done by her group. Mrs. Harry Gormley reported the activities of the American citizenship department; Mrs. Russel Urmsen gave a review of what had been studied by the American home department and Mrs. A. B. Street reported the education department's activities.

Mrs. Robert M. White, chairman of the fine arts group, introduced the leaders of her subsidiary groups, who reported on their activities. Mrs. C. C. Green for the seminar group; Mrs. Alva Shumaker, fine arts group; Mrs. J. Glenn Berry, drama, and Mrs. Paul Welsh, literature and music.

Mrs. R. S. Tannehill told of the studies and activities of the international relations group; Mrs. S. E. Crawford, the junior department; Mrs. Ira Ramsey, vice chairman of the legislative department, reported on their studies and paid a most beautiful tribute to the memory of the departed chairman, Miss Mary Aiken, who had taken such a keen interest in the department up until a few days before her death.

Mrs. Oliver P. Brown reported on the welfare work done and Mrs. G. Maxwell the accomplishments of the hospital committee, with an endorsement fund for the Jameson Memorial hospital started with a gift of \$100 from the club. Mrs. W. K. Hugas' report of the membership committee showed much action, as 56 new members were enrolled.

NEW CASTLE CHAPTER HONORS MRS. LINDSLEY

New Castle Chapter 105 O. E. S. honored the district deputy grand matron, Mrs. Carolyn Lindsley, Monday evening at the regular meeting of the chapter.

A beautiful honor guard for Mrs. Lindsley was formed by officers who served under her during her year as worthy matron and she was presented with a lovely gift from them, the presentation being made by Mrs. Anna McKibben. Gifts were presented from the present officers and members of the chapter, with Mrs. Margaret England and Mrs. Doris Sankey.

At conclusion of the ceremonies of the evening the members and guests were invited to the dining room where refreshments were served by Mrs. Verdelia Williams and her committee.

YUCATAN CLUB AT KIRK RESIDENCE

As guests of Mr. and Mrs. C. J. Kirk at their Highland avenue residence Monday evening, Yucatan club associates spent a pleasurable evening.

The customary game of cards afforded entertainment for the twenty-four present with favors being captured by Mrs. H. K. Gregory, George Cooper, Mrs. Edward Beadel and Dr. S. W. Perry, the latter two being among club visitors.

Garden flowers were effective in decorations and a dainty springtime color scheme prevailed in luncheon appointments.

With this meeting, the club discontinued sessions until next fall.

Celebrates Birthday

Seventeen little friends gathered at the home of Ella Mae Heath, Arlington avenue, May 26, to join in celebrating her ninth birthday anniversary.

Games and music were entertaining diversions and at 4 o'clock a dainty luncheon was served by the honored one's mother, Mrs. W. C. Druschel, assisted by Mrs. M. R. Druschel. Decorations of pink and white were used in the dining room.

Prizes were won in the various contests by Agnes Cartwright, Jean McGaffie, Greta McGaffie, Ruth McGaffie and Faith McGaffie.

Ella Mae was showered with many lovely gifts by her playmates.

OUR HEROIC DEAD

THERE is little the living can do on Memorial Day to express the reverence every right thinking American feels for the heroic legions that sleep the eternal sleep in hallowed spots in every community, large and small, throughout the nation. A few blossoms on their resting place, words of comfort for those these heroes have left behind—that is all. The gratitude for their unselfish devotion to their country and their homes is deep within—expressionless.

By little acts of reverence performed today, we do not give our sanction or approval to war and its horrors. It is wholly apart from that and centered upon the men themselves, men who answered the call to arms without question, firm in the belief it was for loved ones and country. War, except in defense, is wrong and always will be, but until the scourge is wiped out, brave men will offer up their lives as a sacrifice. Only through their sacrifice will mankind realize, eventually, its gigantic blunder.

The praise, then, is to these courageous spirits, not to war. They hated the conflicts, too, but were powerless to halt them, except by shedding their blood. The glory is theirs—won in agony. Let us honor them as heroes, bending every effort of the mind and heart toward ending the conditions that made it necessary for them to go to war.

NEW OBSTACLE TO PEACE

Germany, according to French reports, has developed a new weapon of war and is making preparations for using it against France in case of a conflict with the latter.

The weapon is a rocket projectile capable of being propelled 125 miles and which explodes on contact with the ground or other object.

The reports have caused much concern in France where they are being "played up" by the French press. They go so far as to say that Germany is building a system of rocket bases near the French frontier, from which it would be possible to launch 50,000 tons of explosives in a single night. A terrifying picture of the havoc that might be wrought is drawn.

How much truth there may be in these reports can not be determined now. The development of rocket projectiles, nevertheless, seems well within the range of possibility. Germany has shown ingenuity in devising weapons, and it would not be surprising if she may have something of this kind up her sleeve.

Whether or not these reports have any truth in them, they will serve to keep alive French suspicion and distrust of Germany. They will make France more determined to stay out of disarmament agreements, and thus hinder the work of those trying to promote world peace.

GENIUS PAID LITTLE

Aspiring authors of today who want to get into the big money of best sellers may take thought from a line in one of the letters of Charles Dickens, being published in various papers throughout the country. For in writing about the proposal of publishers to establish "Pickwick," the medium for the immortal work of Dickens that has run into uncounted editions, Dickens wrote that it would be hard work but "the emolument was too tempting to be ignored"—the emolument being 14 pounds a month, or about \$70.

Dickens earned handsomely. If his works had not been pirated he would have been one of the big earners of all time in literature. But when launching forth upon what many readers regarded as the finest production, \$70 a month sounded attractive.

In that day it was a much larger sum by comparison than now. It was just about a hundred years after Goldsmith penned his line "passing rich to forty pounds a year." Yet it was by no means a dream of avarice. Baconfield drew great revenue from his novels. And Scott made about a million dollars with his pen.

Still, 14 pounds a month was a most respectable figure for a young man at Dickens's point in a literary career. And he is one of the group that concede "best sellers" precedence to only the Bible and Shakespeare.

BACK TO NORMALCY

One sign of the country's emergence from the depression might be found in the attendance figures being rolled up at the various big league baseball parks.

Not in a long time has baseball enjoyed such good patronage; the fan, evidently, is better able to finance the purchase of tickets nowadays than he has been for several years.

Taken as a whole, interest in baseball does not vary much from year to year. There is a certain section of the population that will give the games a steady patronage on two conditions: first, that the competition be reasonably close and interesting, and second, that the money with which to buy ticket be available.

This year both conditions are being met. Baseball is regaining its health—and it couldn't be doing that unless the country as a whole were doing the same thing.

THE BUYING SPIRIT

Though American business is not out of the woods yet, it is probably half way out, and is still going ahead. The most obvious proof of this is the revival of the buying spirit.

People who lately "wouldn't accept a bargain if one knocked them down in the street" are beginning, as they become able, to get the things they need. And how many things there are!

An automobile manufacturer says there must be at least a million homes in this country where the carpet on the stairs is worn out. It is the same with furniture, clothing, household conveniences, motor cars and hundreds of other commodities.

"Now, with a new buying spirit in the air, people are helping business and at the same time helping themselves," he said.

Even if wealth is a burden, lack of it is more so.

Foresight is where a home bather cuts the telephone wires neatly before getting into the tub.

When a child is born with a silver spoon in his mouth, it's a two-to-one bet he'll choke on it.

FIRST YEARS OF MARRIAGE
REQUIRE FINANCIAL
ADJUSTMENTS

Usually the first rift in the matrimonial voyage of young couples comes as the result of financial conditions.

Most brides have worked for salaries. With money at their disposal they have not had to account to anyone for every cent spent.

It's mighty hard for them to get accustomed to asking anyone for money and they resent being asked to make an accounting.

Young husbands would not stand for anything of this sort were the situation reversed.

Why do they feel that their wives should not become resentful when hampered by such a procedure?

Girls should give careful consideration to the fact that when they marry and give up their positions, they will be minus a salary.

They should expect to be more economical than they were in their money earning days.

There must be more self denial when two persons formerly commanding separate incomes are compelled to live on one pay envelope.

There should be a joint bank account or a liberal allowance from the husband in proportion to his salary.

BROADCASTING

When Patti sang long years ago
Only the rich could hear her voice

But few her gift divine could know
And in her artistry rejoice.

The charm that music holds for all
Was from the many shut away.
Imprisoned fast by proof and wall.
For only those with coin to pay.

The limit of her power was then
No further than the outer wall
Gay women and complacent men
Were tickled into the hall.
But Patti's voice was never heard
By people troubled and forlorn
No distant doubting heart was stirred
Exultantly to face the morn.

Last night another artist sang,
As Patti in the long ago.
Her voice melodiously rang
In curious places high and low.
A priest put down his book to hear
A sailor listened far at sea
And many a sad heart caught the cheer
Of that exquisite melody.

Across the land that song was swept
An invalid forgot his pain.
A woman in a brooded wept.
Along that great broadcasting chain

Immunable lonely lives
Were sharers in that gift sublime
And even the dreariest of dives
Held beauty for a little time.

A "FLUENT" LINQUIST
An international tourist agency inserted an advertisement for a man who was required to escort parties abroad. A young fellow who needed a job badly applied and was given an interview.

"Good morning," said the agency official. "Parlez vous Francais?" "I-er-ber you pardon?" stammered the applicant.

"Parlez vous Francais?" "I-ah-I am very sorry, but I didn't quite catch—"

"I said, 'Do you speak French?' The young man smiled easily.

"Oh, yes," he said. "Fluently."

ONLY VENISON

My neighbor owned a lovely fawn, A gentle-timid, wide-eyed fawn: And that little creature seemed to know

That I was also a child, and so I lost all fear and played with me In our templed home across the sea.

The walls were high in that hermit land, And gates were barred: so you'll understand

That life seemed safe and sheltered there For boy and fawn, with not a care. Except the lessons I had to do (By which you'll know that my story's true)

One day I missed my little friend And none of the elders would descend.

To say a word. We dined that night At our neighbors home. I took a bite

Of the tender roast they served to me; And then—of a sudden—I seemed to see

Two pleading eyes that looked at me The melting eyes that I still can see And a soft voice breathed in my ear

A gentle voice that I still can hear And I left the room, with hanging head,

For I knew that my little friend was dead. MAURITIUS

Silverites Outmaneuvered
Wall Streeters Look For Jobs
That Mother's Day StampBy LESLIE EICHEL
Central Press Staff Writer

NEW YORK, May 29.—Wall Street recognized what the silver proponents are just beginning to realize—that the silver bill actually is a deflationary measure. (Which, of course, is what the sound money people desire.) It cleverly stops the silver stampers, although on the surface it has the appearance of aiding them.

Actually, the "Silver Purchase Act of 1934" gives the government no more powers than it had previously, through acts already on the statute books.

On the contrary, it puts fear into the hearts of silver speculators, for it places a 50 per cent tax on private profits in silver bullion sales.

LOOKING FOR JOBS

Many Wall Streeters the salary kind) are looking for other jobs. They see lean days ahead.

Plungers, however, are more optimistic. They realize that the majority of people are born gamblers.

THAT MOTHER STAMP

There is a story going the rounds in New York that is interesting.

You will recall that the special Mothers' Day stamp was criticized because the mother in Whistler's picture, from which it had been made, was shown with her "feet cut off" and a bowl of flowers in the offering.

Well, according to the story, the bowl of flowers appears there be-

cause florists demanded recognition on the stamps.

HOW LAW WORKS

It looks as if the Roosevelt administration will try to have many of the injustices of the present crude and haphazard immigration laws done away with at the next session of congress.

One of the investigations discloses that criminals find it easy to gain admittance to the United States and to remain in the country, while very desirable people are kept out or deported because of technicalities.

There are many cases of families cruelly separated—families of the highest type of people.

WHEAT AND CORN

Washington looks for a strengthening of wheat prices during the summer due to lower yields throughout the world. Corn, however, is a different matter. The government probably will have to buy considerable corn under the corn-hog program, in order to keep up prices, to the farmer, and that is likely to have the contrary effect of reducing world prices because of the hanger that this surplus of the government's would have on world markets.

TUESDAY, MAY 29

Memorable Days, May 29, 1453.—Constantinople fell to the Turks after a siege of 50 days, and the city constructed by the first Christian emperor became the most important city of the Mohammedans. It had been the capital of the Roman empire in the east for 11 centuries.

In the extent of influence over the course of human affairs, its only rivals are Athens, Rome and Jerusalem. The map shows it has the most strategic location of any city in the world. "Situated where Europe and Asia are parted by a channel (the ancient Hellespont) never more than five miles across, and sometimes less than a half mile wide, placed at a point commanding the great waterway between the Mediterranean and the Black Sea, the position affords immense scope for commercial enterprise and political action in rich and varied regions of the world."

May 29, 1790.—Rhode Island (named for the island of Rhodes in Europe) ratified the Constitution, became the 13th State. Motto: Hope. Flower: violet.

May 29, 1844.—The first big news story was transmitted by telegraph: Samuel F. B. Morse tapped out from Baltimore to Washington the "domestic intelligence" that James Knox Polk, of North Carolina, long-named Speaker of the House, had been nominated for the Presidency on the Democratic ticket.

May 29, 1910.—Glenn Curtiss, 32, one-time newsboy, won \$10,000 for carrying the first piece of airplane mail in America and making the first long airplane flight in the western hemisphere.

He hopped along the Hudson from Albany to New York, 142½ miles, in 2 hours and 50 minutes of flying time at an average speed of 54 4-5 miles an hour, to set a world's record and collect a prize offered by the New York World.

Baccalaureate Service Next
Sunday Evening; Graduation Tuesday

(Special To The News)
BEAVER FALLS, May 29.—The final Commencement activities for Geneva College begin with the Senior play, Friday evening, June 1, "The Cassilis Engagement," a comedy in four acts with an all-star cast the majority of whom have received their B. O. degree from Geneva. The cast includes the Misses Beatrice Brunton of Beaver, Margaret Caughey of Avalon, Arnetta Elliott of Pittsburgh, Marion Gilmore of Cadiz, O., Joan McCormick of Slippery Rock, Bettie Millholland of New Castle, Gladys Fair, Gladys Hummel, Jean Kimmel and Alice Wylie of Beaver Falls, and the Messrs. Harold Haberfeld, Jim Park and Arthur Webster of Beaver Falls.

The Baccalaureate sermon will be delivered by President M. M. Pearce on Sabbath evening, June 2, at 8 p. m., in the college chapel. All the churches on the hill will unite in the service. A section of the auditorium will be reserved for the seniors who in their academic robes will march into the chapel.

Monday at 10 a. m. in the auditorium the seniors will hold their class day program which is always interesting and exceedingly humorous, a time above all others when the students let loose. The remainder of the day will be given over to alumni gatherings.

The annual alumni reunion and banquet will be held in the General Broadhead Hotel at 6:30 p. m., June 4. A most attractive program has been arranged. All events are on Daylight Savings Time.

On Tuesday at 10 a. m., the Commencement will take place in the college auditorium with Dr. R.

AROUND CITY HALL

Police chronology for 24 hours ending at 3:30 p. m. May 28: eight arrests on charges as follows: drunkenness and disorderly conduct 4, drunkenness 2, violating parking ordinance 1, suspicion 1.

Mayor Charles Mayne yesterday assigned a city policeman to investigate a statement made in city police court that a woman had purchased beer here on Sunday. Of course the allegation may have been erroneous but the fact remains Mayor Mayne wants the law upheld and will have the truth of the statement investigated.

Carmi Glover, superintendent of the streets department workers, reported yesterday that the gear on the grading machine broke Friday. However, it may be placed in operation today.

Employees of the city are repairing the various drinking fountains around the city and as soon as they are in condition, ice will be placed in them to cool the water. Until a few days ago the weather was cold enough and it was no trouble to keep water cold.

Police here have been quite fortunate as no holdups of a serious nature have been reported for some time and practically all of the small "jobs" pulled have been solved. In some instances articles were taken by "friends" and the victims did not care to have persons prosecuted.

And now that it appears as though the "white liners" have gone from the city, or at least have cut down on drinking power potions, the mayor intends to rid the city of persons who attempt to solicit alms and when refused, abuse people. He sent one prisoner to the workhouse for 90 days for doing so.

On Court House Hill

County Treasurer William O. Pitts expects to mail out about 40,000 county tax cards today. The total number to be mailed out is around 58,000. Cards for the second and the fourth wards will be held back for a few days as they are not quite ready.

County Commissioners were at Plaingrove yesterday looking over a road which the residents of Plaingrove township would like to have improved under the Pinchot system. The road leads east from the Pollock store to Moore's Corners road in Butler county.

If the new court house is built it is probable that some different arrangement will be made in the prothonotary's office for the issuing of marriage licenses. At present the clerk issuing the license is compelled to stand at a high desk. This is very tiresome on days such as last Saturday when the clerk had to stand over three hours without a chance to sit down for a single minute. There should be a desk where the clerk can sit while issuing the licenses.

In the estate of Jennie Miscimarra, the court has appointed Felix Ciurambato as guardian. Mrs. Miscimarra has been in poor health and is unable to look after her property.

Janitors and helpers have finished cleaning the thousands of books in the Lawrence county law library. The shelves upon which these books are kept are open, allowing the dust to collect on the tops and covers. After they become dust covered it is impossible to ever get them as

clean as they were when they were placed on the shelves. There has been some talk of inclosing the shelves in glass but nothing has ever been done.

County commissioners are still receiving claims for damages by reason of the grading and improving of the West Pittsburgh road. Residents along the road were anxious to have this improvement made, and the majority of them signed releases, but there have been quite a number of claims. Commissioners are determined hereafter to get releases, or at least to know the amount of damages asked, before they will consent to the improvement of any road. No matter if the state does put in the road, the county has to pay the damages.

Grand Jurors have been summoned for the June term of quarter sessions court, which convenes on next Monday. On the following Monday a petit jury will convene for the trial of cases. There are no very serious cases on the list for the June term, and although a jury has been summoned for the week beginning June 18 it is not likely that it will take the entire week to complete the cases.

All records for the number of mortgages to be placed on record by the Home Owners Loan corporation were broken last week when eleven mortgages totaling \$36,858.12 were placed on record at the register and recorders office. The largest of these mortgages amounted to \$5,999.46 and the smallest, \$1,153.89.

In addition to these mortgages there were two to building and loan associations, totaling \$3000 and one of \$1000 to an individual. Forty-seven instruments of all kinds were placed on record, of which 22 were deeds for real estate.

Since the court house will be closed on Memorial day, which is the last day for candidates to file their expense accounts of the recent primary, it is likely that the reports will be taken on the day following. More than half of the candidates have already filed their expense accounts.

Rev. Neale Speaks To New Wilmington Class On 'Horizons'

NEW WILMINGTON, May 29.—Addressing the seniors of New Wilmington high school's graduating class on "Horizons," the Rev. J. Ralph Neale, pastor of the U. P. church, condemned the bigoted, self-centered type of horizon and declared that the greatest peril of today lay in the fact that many horizons include only self without regard to the human brotherhood.

Rev. Neale was preaching the baccalaureate sermon to the graduates at the United Presbyterian church, participated in by the class and parents and friends of the graduates.

The high school mixed chorus sang during the service.

Assisting Rev. Neale were Rev. E. O. McNulty and the Rev. D. A. Byers.

The class will receive diplomas at the church tonight at 7:45 o'clock.

Show Miniature School Gardens

Oak Street School Event Is Judged By Representatives Of Garden Club

FINE EXHIBITS SHOWN IN GROUP

Under the direction of Miss Martha Muse, nature study teacher of the Oak Street school, the pupils of that building held their annual Miniature Garden Show last week in the upper hall of the school.

Many lovely gardens were made by the children and placed in wooden boxes and tin containers of all sizes and descriptions. These gardens depicted wooded glens, parks, and ever farmyards. There were also rock gardens—in fact anything that appealed to the children's fancy and ingenuity was included in the show.

The show was judged by Mrs. W. C. Eckenrode and Mrs. C. A. Burckart, representing the school garden committee of the Lawrence County Garden Club, of which Mrs. William Howley is chairman.

The main points on which the gardens were judged were: Proportion, originality, and the appropriateness of the plants to the general plan of the garden.

Three prizes were awarded for the best gardens, regardless of the age or grade of the children who displayed them. Prizes were also awarded for the best gardens in each different class.

The winners were as follows: General school prize—Joan McCollum, Grade 3B, first; Leslie Kemp, Grade 5B, second; Donald Kemp, Grade 6A, third.

Sixth Grade—Madlynne Earl, first; Dorothy Balint, second.

Grade 5A—Charles Weiss, first; Russell Baxter, second.

Grade 5B—Albert Grove, first; Harry Magno, second.

Grade 4B—Betty Hartzell.

Grade 3—Dorothy Jean Young, first; Mike Orrico, second.

Grade 2—Elda Mason.

SPEAKERS PROTEST NEW COURT HOUSE ERECTION PROJECT

(Continued From Page One)

granges of Lawrence county. Farmers and citizens were invited. Court Room No. 1 was filled long before 8 o'clock, and an overflow meeting was held in court room No. 2, presided over by Attorney R. L. Wallace. As fast as the speakers concluded their remarks in the main meeting they went to the overflow meeting and repeated them.

Reports from farmers in different parts of the county were presented, asserting that from 90 to 99 per cent of the farmers are opposed to a new court house at this time.

As the meeting was a "protest" against a new court house, as announced in the call, only those who had something to say along this line were called by Chairman Boak, who had charge of the meeting.

Object Is Stated

In calling the meeting to order Chairman Boak cited the fact that for 25 or 30 years a new court house has been recommended by various grand juries. He was glad to hear that at least one of the county commissioners had stated that if the people of Lawrence county want a new court house, then it will be built, but if they do not, then it will not. Boak said that there has been a lot of talk in favor of the court house and that this meeting had been called to hear something from the opposition.

Tax Liens Filed

Former State Senator George T. Weingartner was the first speaker called. Mr. Weingartner started out by saying that owing to the tax situation in Lawrence county he is opposed to the erection of a court house at this time. "It seems to be," said he, "that before any business man would undertake a project, for a farmer would build a silo or a house, he would sit down and figure out his assets and liabilities. If his

proposed undertaking would unduly load him with debt, the sensible business man or farmer would stop. "My mission here tonight is to talk to you about the tax question. The city of New Castle and the county of Lawrence are closely interwoven in this relationship. It is not a question of the county tax alone, but a question of poor, city, and school taxes, and in the country district road taxes. Let us glance at the ability of the people of New Castle to pay."

Figures Presented

Mr. Weingartner then presented data secured from City Treasurer McClung and County Treasurer Pitts on the tax situation.

In 1931 there was filed against the homes of the city, \$53,959 delinquent taxes. Of this amount only \$5,677 has been paid, still leaving a balance of \$48,281 filed against homes.

In 1932 the taxes delinquent amounted to \$131,032, of which only \$11,142 has been paid, leaving \$119,619. For 1933 the books of the city treasurer show today delinquent taxes amounting to \$168,249.

There are now delinquent taxes outstanding for the three years, \$336,149. The city has outstanding in all, \$900,000, in addition to \$253,870 of city certificates, secured by liens on municipal improvements.

Some County Figures

Figures from the office of County Treasurer William Pitts show school tax liens filed for 1931, amounting to \$85,173, of which there is still unpaid, \$68,719. For 1932, liens filed, \$227,655 of which there is still unpaid, \$191,474; for 1933, \$220,477 on which there has only been paid \$2,013, leaving a balance of \$218,464. The total amount of school tax outstanding for the three years is \$478,657. On top of this there is the 1934 school taxes due.

In 1931 the county and poor tax delinquent was \$44,429; in 1932, \$131,344; in 1933, \$165,158. There is now delinquent and in the collectors hands for the three years, \$377,704 outstanding. Of the 1933 there is approximately 27 per cent unpaid.

The county of Lawrence has a general bonded debt of \$944,000, poor debt, \$185,000, and accounts payable \$18,237, making a total of \$1,147,237. Of the accounts payable, \$14,000 has been paid, leaving a total of \$1,133,237 which the county owes of \$1,233,237.

The total bonded debt of the school district of the city of New Castle is \$2,165,000.

The County of Lawrence does not have enough money to meet running expenses. There is today \$65,000 borrowed at the banks and \$30,000 for the poor district.

"You want tax reduction, not more expenses. If taxes are not reduced the sheriff is going to get a lot of you. If the tax burden is not brought down I see no hope for any home owner or farm owner."

Pattison Speaks

John W. Pattison, chairman of the Lawrence county Tax Justice League called attention to the rapid increase in the cost of government in the past 15 or 20 years. There are instances "said he, "where taxes have increased a thousand fold, and everybody who owns property is paying more taxes.

"We can't borrow ourselves out of debt. When the income of an individual is reduced, he tries to cut down his expenses. That is what the county commissioners ought to do with the finances of the county."

"In the proposed court house there is a tremendous increase for professional services over what is usually paid for school buildings, post office and other public buildings.

"I understand that the architect for the proposed court house is to get a basic rate of six per cent on the entire cost of the buildings and furnishings. There is to be an additional one per cent for engineering service, subcontractors are to get an additional four per cent. Counting the sub-contracts a very conservative estimate of the architect's fee, will be seven and one half per cent of the cost of the buildings and furnishings or \$52,500.

"In a proposition of this kind, involving the expenditure of such a large amount of money at a time when the income of everybody has been depreciated, I believe that the fair thing to have done would have been to have put the court house up to a vote of the people. This could have been done at the spring primary at a very little expense, but the county commissioners would not listen to it. I am opposed to the issuance of any more bonds at this time."

No Time To Debt

James K. Love, the next speaker called, said that it was unusual for him to be on the opposition side of a proposition. I have always been a booster for New Castle and for the county of Lawrence. "I am still in favor of a new court house when we are in shape to build it, but I do not believe that we can afford it at this time.

"The government is supposed to make us a gift of a part of the money, but the government usually hedges its gifts with so many restrictions, that we are likely to find that nothing has been gained. It's like a man who buys a \$4000 car because the agent agrees to throw off \$1200. He still owes \$2800 and if he hasn't the income to pay it, what has he gained? It's the same with this gift for a court house. Every year more tax liens are being filed against our homes. It is time to think."

Ellwood Man Speaks

John W. Offutt, of Ellwood City said that there are a lot of people who buy articles on the installment plan, when they have enough money

to make a first payment, but with the county in its present financial condition, it does not even have enough money to make the "down payment." We should not put our selves into debt, unless we can see our way out," he continued. We have had some meetings in Ellwood over the proposition, of a new court house. At a meeting which I attended recently there was only one person out of one hundred, who was in favor of a new court house. I believe that the people of Ellwood City are overwhelmingly against the proposition.

Time Not Ripe

Former County Commissioner F. M. Davis of Wampum, stated that he had been in favor of a new court house, when times were good and people were able to meet their expenses. "I feel different now," said he. "People are out of work, and cannot even pay the taxes they have without increasing them. Every day I see farmers who are worrying about their taxes. The same is true in this city. It's worry that is breaking the hearts of the people."

"For years grand juries have been recommending a court house. I remember one jury when I was in office. A woman on it, after being shown the dusty books in the basement, was very enthusiastic for a new court house. When I told her it would increase her taxes, she replied, 'Oh, don't build it then, we can't pay any more taxes. There are a lot of people who would like to see a new court house if they could escape the taxes."

Canal Is Needed

Edward Beadel said that he had been a taxpayer in New Castle for over 39 years. He believed that if the future of New Castle were brighter, it might be well to go ahead with the new court house, but under present conditions, he did not deem it wise. He gave some data regarding the industries of the city, and predicted that unless we get the ship canal, the outlook for New Castle is not very promising. For that reason he believed the county should be slow in going in debt.

New Bedford Man Speaks

Irvin Ropp of New Bedford, a member of New Bedford grange, but an engineer by profession, said that with all the propaganda for a new court house he did not believe that a single taxpayer of New Bedford is convinced that this is the time to build. "The people of Pulaski township are overwhelmingly against it," said he. If a place is needed to keep valuable records, then the county should build a vault, but no new court house. The present time is not one to try to keep up with the Joneses, but a time to keep out of debt.

Roy Miller, a real estate operator of the seventh ward, expressed himself as against a new court house at this time. He said that he believed that to be the general sentiment in the seventh ward.

Says 99 Per Cent Oppose

John W. Bronson, Big Beaver township farmer, said that going over the lower end of the township he had found only one person who had all of his last three years taxes paid. "If it were put to a vote of the people of Big Beaver township I will guarantee that ninety-nine per cent of the people will vote against it."

L. M. Buchanan, real estate dealer of this city, said that he talks to many property owners and that the general sentiment of the city is against a new court house at this time.

W. E. Curry, Shenango township, said he would speak for him. The son, a young man, said that the older generation would soon be gone, and he did not want them to leave the huge debt of a new court house for the younger generation. He was of the opinion that plenty of people can be found who would be willing to accept office and serve in the old court house.

Changes His Mind

P. K. Fike of Sheridan avenue, said he was foreman of the first grand jury that recommended a court house. At that time the county was out of debt and had \$100,000 in the treasury. County taxes were only four mills. Building was low then and a court house that would cost a million dollars today, could have been built for \$250,000. Under present conditions he has changed his mind and is opposed to a new court house.

Like Getting Married

Norman Hunt, a Scott township farmer, stated that he had no mind with anybody who favored the erection of a new court house. If there is a big bond issue there will be interest and the additional cost of operation. "It's like getting married, it's not the first cost, but the upkeep," said he.

Attorney J. Clyde Gillfillan said that he would like to see the building of a court house at this time. "If I build a house, I would expect to live in it. If the officers build this court house, they will never get in it." He said that practically all the farmers in Hickory township are opposed.

All Distracted

M. L. Wallace, appraiser for the Home Loan Corporation, said that he had appraised from 200 to 300 homes. He had found the owners all disheartened on account of lack of employment and high taxes.

Carl Heckathorn, Plaingrove township are opposed to a new court house.

Rev. Bell, of the same township, who has lately come from East Tennessee, said that fifty-six per cent of the farms there, are now in the hands of the government. The same will happen here unless expenses can be cut.

Attorney Robert M. White, showed that there are 4000 people in the city who have not paid taxes for three years. This throws an additional burden on those who do pay. He expressed the opinion that the great majority of the people of this city are against a new court house. He gave considerable data regarding the finances of the city and the apparent ability of people to pay.

J. W. Fulkman, Pulaski township, stated that ninety-nine per cent of the people of Pulaski township are against a new court house.

Upkeep To Be High

Former Judge J. Norman Martin, said that it was true that Lawrence

county needs a new court house, but he wanted to see it built at a time when the people can afford it. That time is not now. He believed that the present court house can be re-modeled to last for another fifty years. He also showed that the upkeep on a new court house will be much higher than on the old one, on account of elevators, janitors, and larger heating system.

E. E. McGill, of the Lawrence Savings and Trust Company, said that there are but two ways to save money, in what is now the time to economize, and that no court house should be built.

R. R. McGeorge, said he would like to see a court house but that this is no time to build it.

Harold Hogue, called attention to the facts that bonds that would be issued would hold against all real estate.

Sharpe Fullerton, Master of the Lawrence County Grange, felt that ninety per cent of the people are against the project. He offered the following resolution:

Resolution Passed

WHEREAS, it has been made to appear that the County Commissioners of Lawrence County are proposing to erect a new court house, most, in what is now the time to economize, and that no court house should be built.

WHEREAS, for more than three years past a very large number of our citizens, owing to business conditions, have been absolutely unable to pay their present taxes.

THEREFORE, BE IT RESOLVED: FIRST: That we respectfully and earnestly protest and object to an erection of a Court House at this present time and to any other expenditure of public money which is not absolutely necessary.

SECOND: That we earnestly urge upon the County Commissioners and other taxing authorities the necessity of doing all in their power to accomplish a reduction of taxes.

THIRD: That a copy of this resolution be sent to the County Commissioners and to each member of the Court of this County.

A standing vote was taken and Chairman Boak declared the resolution unanimously passed.

After the meeting had adjourned there were several informal controversies over the fact that only the protesting speakers were heard. They were told that the meeting was called as a "protest" and that was what it had been.

State Highway Officers To Patrol Roads Wednesday

Corporal L. J. Lawton of the state highway patrol today requested autoists to drive in a sane manner Memorial Day, so that there will be more pleasure and less grief.

He said that the entire force of state highway patrolmen from this district would be on various roads and reckless operation would result in arrests.

Autoists who "cut in" and "cut out" will be arrested. The speed limit on highways is 40 miles he stated.

The national Memorial Day motoring takes a heavy toll and Lawton hopes there are no accidents here.

In The "Good Old Days"—The Illinois pants-presser who keeps American police busy with his impositions as "Prince Michael Romanoff", would not have enjoyed himself in the 18th century when reality was much more popular.

One William Fuller, who created himself Lord Fuller, cultivated the most exclusive circles and had the effrontery to speak familiarly of England's king, was whipped, made to stand three in the pillory and fined 1000 pounds. Similar punishment was meted out in England to other impostors.

Could They Live On In Their Home?

A mother's loving care is the rightful heritage of every child. That care need not be lost to a family suddenly deprived of its bread-winner. The Equitable's Family Income Policy will provide a liberal income until the children are grown, permitting the mother to devote her time to the children and the home. After they become self supporting the full face amount of the policy is then paid to the mother in cash.

Music Festival Program Given

Large Crowd Is Thrilled At
St. Philip And James
Church

Presenting a festival of music, singers of the Young Ladies' Society and the Young Men's Church Choir of St. Philip and James church pleased a crowded house on Sunday, May 27. The concert was under the direction of Miss Marie Dutkiewicz with Harry Karski acting as master of ceremonies. Miss Mary Melcer opened the program with an address of welcome.

Programme

Gypsy Song, Gabussi—Mixed chorus. Folk Song, Kaminski—Boy's chorus. Polka, piano solo, Omelczuk—Helen Dabrowski.

Aria from "Sztzygar," Zeller—Mixed chorus.

Song of May, Moniuszko—Young ladies chorus; soloists—Miss Mary Melcer, Miss Mary Jaskiel; accompanist—Miss Helen Dabrowski.

Minuet in G, Beethoven—Agnes Wajert.

O Jody Jody, Folk Song—Boys' chorus.

The attraction of the evening was the personal appearance of Mr. Edward Dutkiewicz, radio artist of Pittsburgh. He offered the following group: Dark Eyes, Excerpts from Polish Light Opera, Mountain-ear, Folk Song, Gypsy Song.

The concert was brought to a climax when the singers, after thanking their leader, Miss Dutkiewicz, who is a fine singer, and presenting her with roses, requested that she honor them with a number. She responded with "Little Mother Mine," singing in both English and Polish, ending with a duet with Mr. Edward Dutkiewicz.

At the close of the concert winners in the children's singing contest were selected by the judges. After eliminations last week, 11 boys and 14 girls competed last night. The songs required were: Krakowiak, by Moniuszko, for boys; The Maiden's Wish, by Chopin, for girls.

The winners were—1st, Leonard Burkot, age 10; 2nd, Joseph Janowski, age 12; 3rd, Edward Melcer, age 12; 4th, Adolph Przybylski, age 9; 5th, Stanley Lubnicki, age 13; 6th, Alphonse Kosciuszko, age 14; 7th, Michael Dabrowski, age 9; 8th, Marlon Janca, age 10.

Toledo Strike Negotiations In New Deadlock

By JAMES L. KILGALLAN
International News Service Staff
Correspondent

TOLEDO, Ohio, May 29.—Peace negotiations struck a snag today in strike-torn Toledo and, once again the situation became fraught with ominous possibilities.

Steel-helmeted National Guardsmen tightened their lines in the vicinity of the battle-scarred Electric Auto-Light Company plant, where two persons have been killed and many injured in riots during the past week.

Any renewal of mass picketing by strikers was expected to be met with prompt action on the part of the troops.

Charles P. Taft, special federal mediator, who seemed to be making headway in his efforts to bring the warring factions together and prevent a general strike on June 1, suddenly encountered difficulties.

Taft issued a statement late last night at the downtown hotel where he has been conferring with both sides that negotiation had reached a deadlock. His attitude was decidedly less optimistic than it had been twenty-four hours before.

where all participated in the activities of the evening. Miss Katherine Jones was in charge of the lower grade performances, while Miss Eva Smith directed the older children.

The little 1 B's opened the program with a shoemaker's dance after which 1 A pupils gave a Danish dance of greeting. The boys of the 4th, 5th and 6th grades made a nice showing, as, with great uniformity, they gave a dumb-bell drill; the little 2 B's then presented a Looby Lou dance.

The 6 B class made a hit with the baseball drill after which the 2 A class had a Lads and Lassies exercise and the 3 B class an "I See You" drill. The girls of 4, 5 and 6 grades presented a most colorful flag and waltz drill after which the 3 A's had a "Kinder Polka" and the program closed with a May Pole dance by the 5 A girls.

The piano accompaniments for the various numbers were played by Mary Lou Fenati, Dorothy Felch, Natalie Ehrlich, Jane Walls, Katherine Wilcox and Lucy Ann Rubert.

After the program the P. T. A. members then served refreshments and the crowd lingered on until after dark.

St. Joseph's Pupils Get Medal Awards

Legion Awards Are Made At School On Monday Afternoon

Two more Legion and Legion Auxiliary Medal Awards were made on Monday afternoon when the medal winning students of the St. Joseph's school were given their awards. John Wirtz was selected as the boy best deserving of the honor in the school and Helen Baka was the girl selected.

For the presentation the students had a short program. After opening with the "Star Spangled Banner" by the school, John Walzer delivered an address of welcome. A song "In A Prison Cell" followed, and Grade 8 presented "Memorial Day." Another song "Joy, Joy, Joy" followed and Rev. Fr. Doerr delivered an address of welcome to the visitors.

The presentation of the medal awards followed and the program closed with the singing of "America."

AUTO TAKES FIRE ON MERCER STREET

City firemen were called to North Mercer street at 2:15 Monday afternoon to extinguish a fire in the auto of Dean Smith of R. F. D. No. 1, caused by a leaking carburetor.

The blaze had been extinguished by chemicals from a hand extinguisher by the time firemen arrived on the scene in response to an alarm from Box 17.

Shenango Gives Diplomas To 37

Fifth Annual Commencement Held At School; Pageant Features

TEACHER PENNED COMPLETE PROGRAM

Thirty-seven Shenango township high school seniors were handed diplomas by Supervising Principal Glenn W. Johnston at the close of last night's impressive pageant commencement at the Shenango building, the fifth graduation in the history of the school.

The pageant program, "A Book of Memories," was produced by the pen of one of Shenango's instructors, Ronald P. Brown. He directed it with the assistance of Miss Margaret Hertzler, Miss Mills and Samuel McCullough.

It was the first graduation night that Shenango has not had a commencement speaker, but, from the applause of the audience, the pageant of Mr. Brown certainly matched up well with the customary orations. He received personal congratulations for time and time again after the program closed.

Dairymen Will Hear Discussion

Production Of Quality Milk Will Be Topic Of State Specialist

"Production of Quality Milk" will be the topic of discussion led by D. H. Bailey, Dairy Specialist from State College, at a meeting at the home of Ellis Clark, Little Beaver township, Friday evening, June 1 at 8 o'clock.

During the warm weather, dairymen and farmers quite frequently experience trouble in getting their milk to market in proper condition. The discussion will include the ways in which some of these conditions may be relieved. This meeting is under the auspices of the Lawrence County Agricultural Extension Bureau, and all dairymen of the county are invited to attend.

St. Mary's School Medal Awards Are Made On Monday

Miss Esther Jacobs And Edward Hannon Are Given Legion Awards

Medal awards of the American Legion and the American Legion Auxiliary were made Monday afternoon, May 28, in the St. Mary's school, the students honored with award medals being Miss Esther Jacobs and Edward Hannon.

The selection of the students to receive the award was made entirely by the pupils of Grade 8 of the school. Each boy and girl voted for the boy and girl he thought best fitted for the honor and in both cases the winners received a majority of the votes cast.

Miss Marie McCann, one of the students, welcomed the representatives of the organization with a short address and the students sang "America, the Beautiful." The selection of the prize winning students then took place and when the winners were announced the medals were given.

Mrs. Elmer Suber, representing the Auxiliary, presented Miss Jacobs with the Auxiliary medal, and the young lady responded with a very pretty speech of appreciation. Bart Richards presented Edward Hannon with the Legion medal, and he responded with his appreciation. The exercises closed with the singing of the "Star Spangled Banner."

Samuel Davy Receives American Medal Award This Morning

In connection with the annual Memorial Day exercises in the Mahoning school, this morning, Samuel Davy, son of Mr. and Mrs. Quincy Davy, of North Cedar street, was presented with the American Legion medal, as the outstanding student in the eighth grade of that building. The presentation in behalf of the American Legion was made by Orville Potter.

Franklin Blanning Entertains For Buddy

Among the many interesting holiday entertainments will be the party this evening when Franklin Blanning, Highland avenue, entertains as a courtesy to his school chum and war-time "buddy," Carl Kingsbury of Boston, Mass., who is visiting with his parents here.

The tie of friendship between these two is very close, the boys having gone through school together and then enlisting together in the U. S. marines when the United States entered the war. Many reminiscences of days together will feature the evening's conversation, as other school chums will be guests.

Grant City Barn Burns To Ground

Severe Loss Sustained By Fay Wimer In Blaze Monday Forenoon

FAMILY SAVES BROODER HOUSE

Severe loss was sustained by Mr. and Mrs. Fay Wimer of Grant City, Monday, when their barn was destroyed by fire, along with all its contents. Cause of the blaze has not been determined.

Mr. Wimer was away at the time and Mrs. Wimer and her children succeeded in saving a brooder house filled with little chicks, close by.

Five little pigs lost their lives in the blaze, but Mr. Wimer fortunately had his cattle and horses in another barn, which was not damaged. The loss included part of the farm machinery, the tractor and walking plows, fanning mill, binder and a quantity of corn, straw and oats.

The loss is made more severe as Mr. and Mrs. Wimer had not recovered financially from the loss of their home by fire two years ago, when a quantity of canned food and potatoes was also lost.

Mr. And Mrs. Levine To Entertain For Son

Mr. and Mrs. P. H. Levine, Winter avenue, have as over the holiday guests their son, Abe Levine, and his wife of Boston, Mass.

Wednesday Mr. and Mrs. Levine will entertain at a family dinner in honor of their son, with a number of out of town guests in attendance.

Another great and urgent need of the times is a good word to replace the discarded "flapper."

Deafened Hear With Original Portable Bone Conduction Aid

Nine Exclusive Features Distinguish It From All Imitations

Thousands have overcome the handicaps of deafness. With the aid of the new Super Sonotone they have recovered the happiness of hearing—all that goes on, natural voices, pure overtones of music. Demonstration is free. It is a tremendous experience to hear without effort. Doubt dies from overwhelming proof. Creators of Super Sonotone were the FIRST to prove that a portable bone conduction hearing aid could convey sound through bones of the head.

Nine new exclusive leadership features and an unequalled two-year service guarantee distinguish it from all imitations. It is not fair to yourself or friends to delay. Recover Car In 90 Minutes

Man Alleged To Have Stolen Auto Taken Into Custody

Police today demonstrated the manner in which they seek automobile thieves here.

The car of W. A. Lindsey, 12 West North street, was stolen at 10 a. m. from that address.

Police searched here and a message was sent to surrounding cities.

At 11:30 a. m. a man who gave the name of Steve Melnick and address as Ashland avenue, this city, was arrested at Beaver Falls and the car recovered.

Dies Suddenly Of Heart Trouble

Charles Pyle, Of South Walnut Street, Stricken At Noon Today

Charles Pyle, aged 56 years, of 305 1/2 South Walnut street, died at noon today while seated in a chair in the office of Dr. T. F. Nugent, veterinarian, of North Cochran way, Coroner Orville Potter, who was

summoned to the scene, pronounced death as due to heart trouble.

Pyle had complained of trouble with his heart for several days, it was stated. He had been talking with James Elder, when he suddenly slumped over in the chair.

Mr. Pyle, who had been a resident of the city for many years, had formerly been employed at McCoy's garage.

He is survived by three sisters, Mrs. C. V. Dean, Mrs. Ella Cole, and Mrs. Flora Cunningham, of New Castle, two brothers, Harry Pyle, of Bradford; and a half-brother, John Womer, of Clintonville, Pa.

Funeral services will take place Friday at 2:30, from the residence of his brother, Harry Pyle, of 511 Blaine street. Burial will be in Oak Park cemetery.

JUNE FEDERAL RELIEF FUND IS SOUGHT

Biddle Asking For \$10,000,000

State Emergency Relief Director Presents Appeal To Washington

SPECIAL SESSION MAY BE OUTCOME

(International News Service) HARRISBURG, May 28.—The state's direct and works relief program hung in the balance today as Eric H. Biddle, state emergency relief director, prepared to make a plea to Harry L. Hopkins, federal administrator, in Washington, for a \$10,000,000 grant for June.

With all available funds virtually exhausted, county relief administrators as well as the thousands of families dependent upon the state for food, shelter and work, awaited the outcome of Biddle's mission with anxiety.

May Need Special Session
It was feared in some quarters that should Biddle's plea be rejected there is no other alternative but to call a special emergency session of the legislature.

When May funds were exhausted it required the combined efforts of Biddle and Gov. Gifford Pinchot to obtain a \$10,000,000 grant for that month.

Biddle said he would not press an original request for \$124,000,000 to carry the relief program through to next February on a long range basis but would seek merely \$10,000,000 for the current month.

Should additional funds be obtained, the state emergency relief board will meet later in the week to make the allocations.

Gertrude Hanks

Here From Peru

Former High School Teacher Visiting Here; Now In Charge Of School In Tropics

Miss Gertrude Hanks, formerly a teacher at the New Castle senior high school, now in charge of the school for girls in South America, is the houseguest of Mrs. Carl S. Hart, 142 Garfield avenue, and is renewing her many acquaintanceships here this week. She is enjoying a year's vacation from her South American work.

Miss Hanks arrived in New Castle after being in United States for several weeks. The Lima High School For Girls, over which she has charge, is located at Lima, Peru, so the trip to New Castle was made by way of the Pacific ocean and California.

Miss Hanks will make several speaking appearances while here, one at the home of Mrs. John Butler, Friday, and another the same day at the Epworth M. E. church.

HARLANSBURG

FRESHMAN CLASS PARTY

The Freshman class of the Scott Township high school enjoyed a social time at the home of Miss Lois Eakin. The evening was spent playing enjoyable games planned by the entertaining committee: Blanche McCleary, Mildred Palmer and Harold Dean.

Later in the evening refreshments of sandwiches, pickles, jello with whipped cream, cake and lemonade were served by Mrs. W. J. Eakin and Mrs. Roy Harlan, assisted by the social committee, Betty Heckathorne and Elsie Carter.

There were about 30 present. Guests were Prof. and Mrs. Porter McCandless and son, Paul, of Slippery Rock and Mrs. J. J. Studebaker of Jacksonville.

W. W. G. MEETING
The World Wide guild of the Baptist church met at the home of Elizabeth and Alice Dean Thursday afternoon.

A short program was rendered as follows:

Poem, Elizabeth Dean.

Reading, Isabelle Hunt.

Poem, Ellen Eakin.

The next meeting will be held at the home of Isabelle Hunt for an all-day meeting to sew.

Late in the afternoon a light lunch was served.

Y. P. B. MEETING

The Y. P. B. were received at the home of Miss Frances Cameron Friday evening, May 25. The meeting was in charge of the young hostess, Mrs. Audrey Locke gave an interesting talk on "Beer in Colleges."

The "Problem of Having a Good Time" was given by Deb Dean and "Four Drums" by Frances Cameron.

"Milk vs. Beer as a Food," by Lois Eakin and Alice Dean, and "Liquor's Latest Lure of the Youth" by Dorothy Johnson.

The next meeting will be held on June 14 with the W. C. T. U. at the home of Mrs. Oliver Cameron for the afternoon.

The Y. P. B. will elect officers for the coming year.

FIRST PHOTOS OF FRENCH FLYERS IN NEW YORK

Achieving a non-stop flight from Paris to New York, a hop that had been made only once before, Paul Codos, left, and Maurice Rossi, are shown waving to the crowd that greeted them at Floyd Bennett airport. Their five-year-old plane, Joseph Le Brix, is pictured below, following the arrival. Motor trouble forced the Frenchmen to land at New York, though their goal was San Francisco.

Today

Don't Fail To See It.

Big World News.

Compare Good Queen Mary.

Men's Tragic Destiny.

By ARTHUR BRISBANE

THE "CENTURY OF PROGRESS" exposition is opened for the second year with a success big enough to please even Chicago. Anything must be big to satisfy Chicago.

Already it is apparent that this year's greater and better exposition will eclipse the first year, in attendance and in every other way.

The day before the opening, Alfred P. Sloan, Jr., president of General Motors Company, gave a dinner for important men, at which were discussed, ably, matters of greatest importance to every human being in this country. You will read more about that in this column hereafter.

HENRY FORD was there to inspect his new exposition buildings. Before he realized it, half a dozen young Americans, twelve to fifteen years old, had recognized him, appointed him their guide, without pay, and kept him busy for an hour explaining everything to them, while his distracted secretaries tried to remind him of important business appointments.

Mr. Ford told them:

"These boys are more important. There is nothing serious the matter with a country when the young people are interested in new ideas."

DO NOT FAIL to visit Chicago's wonderful "Century of Progress Exposition" this summer. See what has been done in the past century of progress. See your country, coming and going, and ask yourself what the next century of progress will accomplish, when this little depression stomach-ache shall have been forgotten.

REALLY BIG world-news tells of an alliance, of arms, between Soviet Russia and "capitalistic" France. The same old story as in the days of czars; France and Russia unite, with Germany, feared by both, between them. This time, France has an alliance with a real POWER, and France will probably, this time, as formerly, express her joy with friendly loans.

Germany worries, but should not be surprised. Chancellor Hitler's denunciations of Communism invited that Russian-French alliance.

QUEEN MARY, of England, celebrated her sixty-seventh birthday on Saturday, all her family around her, all Britain and the rest of that "far-flung" enterprise wishing her many more happy years. Queen Mary has always set a good example, most important in every mother, queen or washwoman.

CONTRAST QUEEN MARY with some other queens, with foolish, unfortunate Marie Antoinette, who asked, "Why don't they eat cake?" when told the people had no bread.

Contrast her with the ancient Queen Didi, reputed builder of Carthage, who raced up and down the beach, yelling after Aeneas, who had left her, then stabbing herself to death. And Aeneas was not even her husband.

Or contrast Queen Mary, respectfully and distinctly with Catherine the Second of Russia, who knew, intimately, young and old gentlemen, exceeding in number the feet of a centipede, and she made them all rich at the expense of miserable, starving Russian moujiks. Of course, Catherine did many fine things. For instance, she purchased at a high price the scientific library of the philosopher Diderot in need of money and told him to keep it with him in Paris until she could decide where to put it. She never decided while he lived, and she bought and preserved intact the six thousand volumes of Voltaire's library, after his death. But morally, she left everything to be desired. Happy the country with a king and queen like George and Mary, working hard, always behaving well, eager to carry out the wishes of the British people.

MUSSOLINI, observing worldwide preparation for war, and no disarmament, says, "If I must fight, I must," and gets ready, wastes no time sobbing or sighing.

Before nineteen forty, beginning at once, he will spend one thousand million lire on fighting surface ships and the same huge sum on fighting airships.

"Many's tragic destiny is war," says he, and tells Italians to prepare for long hard times, to meet the war bills.

At least eighty per cent of Europe wants peace, and does not know how to get it.

MAN'S "TRAGIC DESTINY," as Mussolini says, may be war for the next few years, or generations or even centuries. But centuries are small specks of time in the life of the earth and the future of mankind.

We have been beating, cheating, fighting, enslaving, biting and eating each other for half a million years, but there are hundreds of millions of years ahead, and already there is improvement.

Civilized men do not collect heads. They do not burn captive kings alive, as Cyrus was about to burn Croesus, or force parents to look on while their children are tortured to death, or stretch men on the rack for religious differences, or saw them in two lengthwise for revenge. "Tragic war" will disappear, as cannibalism, slavery, the debtor's prison, and other horrors have disappeared.

BAD NEWS of strikes and other dissatisfaction continues. Troops in Toledo again firing on the mob, rioters in New York City fighting police.

Some news is better. The Minneapolis teamsters have adjusted their difficulties and the other important strikes are settled.

HOW AMAZING that workmen of different beliefs, union and non-union, should insist on settling disputes with clubs, guns and bricks, when the vote could do anything they want done, and no heads broken.

The brutal fighting recalls the Kilkenny cats, tails tied together, thrown over a clothes line. They tore each other to pieces, although the cat-owner was not there, gets no scratches. Similarly union and non-union men club and shoot each other, although the "owners," labor leaders and labor employers, are far from the scene and are not scratched.

That would seem silly to an angel, looking down.

MEMORIAL DAY TO BE OBSERVED HERE

Big Parade And Fine Program To Feature Annual Observance In Ellwood City

POPULAR ATTORNEY WILL BE SPEAKER

ELLWOOD CITY, May 29.—Memorial Day will be observed in fitting and impressive style in Ellwood City tomorrow, in view of the final plans announced today by General Chairman Sidney Berstler and his various committees. Much time and effort has been extended in making this one of the most memorable celebrations ever held here.

The observance for tomorrow has been well planned and organized. A big parade will be held in which all the patriotic and fraternal, Boy and Girl Scouts, and city and school officials, will be represented. Those to participate in the parade will assemble at 9:30 in their designed places. The parade will move at 10 o'clock sharp, D. S. T.

The parade will move through the principal streets of the city and then across the Fifth street bridge. It will counter march and then stop on the bridge where the Ladies of the G. A. R. will hold services in honor of sailors who died at sea. It will then proceed to Legion Park via Glenn avenue and Fourth street where the principal program of the day will be held. Burgess Judd C. Turner will preside over the program here. The principal speaker of the day will be Attorney David I. McAllister, well known Washington, Pa., man.

Harry Treece, a Spanish-American War veteran, is the chief marshal for the parade. Lester Thompson will be his chief aid. All veterans of the Spanish-American War and the World War are invited to participate in the events of the day. Cars will be provided for veterans unable to march. After the program at Legion Park dinner will be served to widows of Civil War veterans, Gold Star Mothers, and invited guests at the First Christian church.

Previous to the parade a committee of the Sons of Veterans and American Legion will visit the outlying cemeteries where the salute to the dead will be given and taps sounded.

The Ellwood Memorial Day committee has had more territory to cover than most similar organizations in this vicinity.

In case of rain the program which was scheduled for Legion Park will be held in the First Presbyterian church.

The complete program for the parade and for Legion Park is announced as follows:

First Division. Chief marshal and chief aid, speaker and chairman of the day, 107 Field Artillery, widows of civil war veterans, gold star mothers, borough officials, board of education all in cars will form on Crescent Ave. east of 7th St. facing west.

Second Division. Spanish American War veterans, Legion Drum and Bugle Corps, firing squad, American Legion and World War veterans, Sons of Veterans, Sons of Legionnaires form on 6th St. north of Crescent Ave. facing south.

Third Division. Band, Boy Scouts, Girl Scouts and any others form on Crescent Ave. east of 6th St. facing west.

Fourth Division. Spanish American War Veterans Auxiliary, American Legion Auxiliary, Sons of Veterans Auxiliary, form on 6th south of Lawrence Ave. facing north and falling in back of their respective organizations as they come down Lawrence Ave.

Fifth Division. Ladies of the G. A. R. form at

5th St. and Lawrence Ave. falling in parade immediately after 1st Division passes.

Line Of March. The parade will move west on Crescent Ave. to 9th St., north on 9th St. to Lawrence Ave., east on Lawrence to 5th St., north on 5th St. to Wampum Ave., counter march on bridge, where ladies of the G. A. R. will hold services in honor of sailors who died at sea, south on 5th St. to Glenn Ave., east on Glenn Ave. to 4th St., south on 4th St. to Legion Park where Memorial services will be held. Disband.

Flaherty, president of the Johnson Bronze Company and continued the conference early today.

"The differences in this strike can be adjusted, I believe," said Mr. Jovett. "The men are demanding recognition of their union the establishment of the checkoff system, and the return to duty of all men dismissed since March 19. Under Section 7-A of the NRA code it is required that manufacturers meet representatives of the employees when differences arise. This does not mean that the manufacturer must recognize any particular labor union, but merely that he meet representatives of the employees select. These representatives may be members of a union or they may not be, depending upon whom the employees select. We are working towards a solution of the problem here and hope to settle the differences amicably."

Acting under his police powers Mayor Charles B. Mayne stopped the sale of alcoholic beverages in stores in the immediate neighborhood of the Johnson Bronze Company. This step was taken to guard against any possibility of trouble.

The picket lines are still established and picketing has gone on peacefully since the strike started Monday morning. There has been no disturbance, the only thing being the booping of some workmen this morning when they entered the plant for the seven o'clock shift.

Await Next Step

What the government's next step in this important conflict will be remained a matter of conjecture, in view of Judge Niels' decision. It was said that the department of justice may carry its battle for an injunction to the circuit court of appeals.

However, the government may wait until the hearing on the equity suit itself begins before pressing further its battle against the powerful steel concern.

Judge Niels' opinion was contained in a bulky, 25-page document which ended with the words: "The motion must be denied."

In addition to citing the conflict of material facts, rendering the granting of a preliminary injunction without precedent, the jurist ruled that the Norris-LaGuardia anti-labor-injunction law applies to cases where the government seeks the restraining order. In one of the most significant passages of his opinion the Judge wrote:

"It is contended by the government that the Norris-LaGuardia act is not applicable to a suit wherein the United States is a complainant. The act deals with labor disputes. It is immaterial who the complainant may be if a labor dispute is in-

Doctor Says That Quintuplets May Not Live, Mother Is Out Of Danger

(International News Service)

CORBEIL, Ont., May 29.—The five baby girls born to Mrs. Olivia Dionne in a three room farm house near here may die, Dr. A. R. DeFoe, the attending physician, told International News Service today.

Dr. DeFoe described in detail exactly what took place on the little farm on the morning of May 28. He said:

"I went out there at 4 a. m. and got busy right away. One child was born and before I had taken my coat off and another was coming. Before 5 a. m. Mrs. Dionne had given birth to five children weighing an average of 2½ pounds each."

"I had two women assisting me—one of them the mother of 17 children herself."

"Mrs. Dionne had given birth to her five children prematurely—at eight months—due to a kidney infection. She was unconscious when the last baby was delivered. I had to leave her for a while to go and get the priest from Corbeil."

Dr. DeFoe said Mrs. Dionne is getting better now and is nearly out of danger. The five babies are kept swathed in blankets in one clothes basket.

The additional \$1,500,000 grant will allow completion of several uncompleted projects undertaken under the CWA administration, which the LWD replaced.

With all available relief funds virtually exhausted, news of the June federal grant was welcomed by thousands of families dependent upon the state for food, shelter and work.

The state emergency relief board will meet here June 6 to allocate the federal grant to the counties.

DRUM CORPS TO MEET

The Fife and Drum Corps of the Sons of Union Veterans Reserves will meet at eight o'clock Wednesday morning in the Son's Hall, City Building. They will report in uniform by order of Lieutenant Frank A. Scheer. The Drum Corps will leave the Son's Hall a little after 8 o'clock, and move to the Legion Home, where they will take part in the Memorial Day parade.

Death Of Smith Probed By Jury

Driver Held Reckless In
Operation Of Vehicle
By Coroner's Jury

WAS RUN DOWN
NEAR EAST BROOK

Charges of operating a motor vehicle without a license and reckless driving, will be preferred against Mervin Gerber of R. F. D. No. 4, State Highway, Patrolman W. E. Stoops stated Monday afternoon, following an inquest into the death of Michael Smith, aged 84, of R. F. D. No. 5, who was almost instantly killed when struck by Gerber's car near East Brook, on the evening of May 23. The charges will be made before Squire Thomas West of McCaslin.

The coroner's jury which heard the evidence in the case at an inquest in the court of Alderman James C. Brice Monday afternoon, came to the conclusion that Gerber was operating his car in a reckless manner when he ran down Smith.

Witness Tells Of Accident
B. M. Hall of R. F. D. No. 5, with whom Smith resided, was the first witness summoned by Coroner Orville Potter at the inquiry into Smith's death.

Hall stated he resided just beyond East Brook on the Volant road. He is a son-in-law of Michael Smith. About 4:45 on Wednesday evening, May 23, his father-in-law started down the road toward East Brook for a walk. Hall said that he was sitting on the side porch of the home, which commands a view of the road for some distance.

He stated that he heard a machine coming along the road at a high rate of speed and stood up and looked toward the road where his father-in-law was walking. Mr. Smith was facing traffic, and was on the opposite side of the road from whence Gerber was coming. Hall stated.

Saw Car Approach
He saw a car approach the aged man, and pass to the other side of the road, until he could not see his father-in-law any more. When the machine had gone by, he saw him lying in the road.

Hall said that he ran across the field to the scene of the accident, and when he came up, Gerber had reached his side and had him sitting up. Hall said he asked him to take Smith to a hospital. But Gerber said he couldn't do it. Another machine came along, and Hall waved him down. The man drove up to the lane and turned around and came back to the scene of the accident, but Smith had expired by that time, so he was placed in this car and taken back to the Hall home.

Gerber was going better than 50 miles an hour, Hall said, he believed, when Smith was struck. Marks on the highway showed he had skidded the tires of his machine a considerable distance in trying to stop.

Patrolman Testifies
Highway Patrolman W. E. Stoops testified to being called to the scene of the accident. Gerber was not there and when he went to his home he had left to report the accident to the office of the highway patrol. On going back to the scene of the accident a second time with Coroner Potter, he met Gerber and inquired of the circumstances surrounding the fatality.

Stoops stated that marks were evident on the highway, where Gerber had skidded his car a distance of 100 feet, eighteen inches from the right side of the road across the road to a point fifteen inches from the opposite side at which point Smith was evidently struck as there was broken glass on the highway. The skid marks then came back toward the center of the road for a distance of 28 more feet.

Gerber admitted that these marks must have been made by his car, Stoops stated.

The machine was a 1927 model Chevrolet, and the right hand light was broken and right fender dented, Stoops stated.

Gerber, who resides on R. F. D. No. 4, near McCaslin, was called, and stated that he had moved to that vicinity from Volant R. F. D. No. 3, about a month ago.

He was coming from his father's home, which turns off the Volant highway toward Neshannock Falls, when he struck Smith.

He stated that he was not going over 35 miles an hour, which fact would be proven by a party who was following him in another car.

As he neared East Brook he stated that he saw Smith walking along the road, and that he stepped out onto the road and slowly edged his way toward the center of the high-

way. He made three attempts to swerve his machine to one side of the road and then the other, Gerber stated, until finally he ran the old man down near the other side of the road.

Gerber stated that he had no driver's license but that he had made application for one and it was received the day following the accident.

He had the license sent to his old address, because he did not want to go through the trouble of having the address changed at Harrisburg.

He was asked by Attorney John P. Lockhart, who was representing the Smith family, if he had been drinking. Gerber denied this emphatically, stating that he did not drink. He was also asked if he had his glasses on, his operator's permit stating that he must wear glasses when driving, and Gerber replied that he had.

He stated that his brakes had been inspected and approved on May 19 of this year. He had only made application for his license plates and received them shortly after May 16.

The jury, after hearing the evidence, stated that Smith had come to his death as a result of injuries received when struck by Gerber's car, and that in their opinion, he was operating the car in a reckless manner at the time.

The coroner's jury was composed of E. E. Linsley, J. N. McCandless, Charles E. Allen, James Cooper, Carl Staebler and William Reck.

Discuss Effort To Employ All Home School Teachers

District Liberal Arts Colleges
Have Meeting At Westminster College

The Association of Liberal Arts Colleges of Mid-Western Pennsylvania had its annual meeting Saturday, at Westminster College with the following colleges represented: Grove City, Allegheny, Thiel, Geneva and Westminster.

Dr. Galbreath was asked to give a report of the meeting of the Association of Liberal Arts College Presidents at State College. Dr. Henke of Allegheny College gave a detailed report on the recent meeting at Harrisburg of the Association of Liberal Arts Colleges for the Advancement of Teaching.

The attempt of school boards to employ "all home teachers" was discussed at length. It was agreed, first, that only strong home teachers should be employed and these should be given preference. Second, weak home teachers should not be employed because the boys and girls of the public schools are entitled to only strong teachers. The school must not be made a charitable institution or a means of political favoritism. Third, it is important that strong teachers remain in the schools whether they happen to be a resident of the district or not. Children are entitled to at least this much consideration.

It was shown that if poor teachers once get into their home school it is very difficult to get them out. It was agreed that Parents Teachers Associations should be urged to discuss this problem in the interest of retaining the best teachers in the schools regardless of their place of residence.

DISCOVERED HOW EXCELLENT VENDOL IS FOR CONSTIPATION

New Castle Man Kept Full Of Aches And Pains, Stomach Bothered Him, And Was Bilious. Vendol Corrected Constipation And These Troubles Disappeared.

MR. CLARE MCGUIRE
Works at National Radiator Co.

"I suffered attacks of constipation which at times proved serious, and just about laid me out," declared Mr. Clare McGuire, residing on Route 6, New Castle, to the Vendol Man in the New Castle Drug Company, recently.

"For the past five years I've been taking treatments for constipation, and Vendol and the little laxative tablets, have given me more relief than any of them."

"When those spells of constipation came on, it threw my whole system out of gear. I'd have pains in my temples, my head felt heavy, and I'd lie awake by the hour before I could finally get off to sleep. I'd feel all worn out every morning, just like I hadn't been to sleep at all."

"I'd carry a coating on my tongue and there was a vile taste in my mouth. One of the worst troubles was shortness of breath which came from so much gas in my stomach. I used to take a lot of soda after meals for the gassy condition, but I got too much once which almost laid me out, so I quit taking it."

"So many people here in town were being helped by Vendol that I started taking it three weeks ago, and it has proved excellent for my

troubles. It just seemed to act on my bowels perfectly, and cleaned me out good. This brought relief from the gas and sour stomach, the pains died out and my liver was worked off nicely. My breathing is now free and easy, and I sleep sound.

"Vendol has proven to be a fine general tonic and I feel better since taking it than I have for a long time."

If Vendol did so much good for this party living right here at home, don't you think it would do the same for you? Come to the New Castle Drug Company, 31 E. Washington Street, or 24 N. Mill St. and let them explain all about Vendol to you.

An Appeal To Reason:

The Johnson Bronze Company has been in business in this community since 1903. From a small beginning employing less than 100 men, it developed in business employing in 1929 over 1267 men. Owing to the depression this force has been reduced considerably, but beginning at the first of the year, with business improvement we had at the end of April on our payroll 525 men with a monthly payroll of \$55,000.

When the National Industrial Recovery Act went into effect last August, in accordance with this Act, the men of our organization held an election and appointed a shop committee for each department to represent them in collective bargaining of this company. The company worked with this committee in harmony until about five weeks ago when a professional organizer, Edward Roebuck, from Uniontown, came into the city and organized an outside union, making promises to the men that were not in accordance with the National Industrial Recovery Act. After organizing this union a committee was elected and they consulted the writer, who stated to this committee that he would recognize the representatives of employees, regardless of what union they belonged to, therefore recognizing other committees without any question, and wrote a letter to the outside union stating that we would recognize the committee for the purpose of collective bargaining in accordance with the National Industrial Recovery Act.

Last week while the writer was in Detroit endeavoring to close up large contracts for the last half of the year, a letter from this outside union was handed to the company requesting a meeting immediately with an ultimatum calling for a strike Monday morning. They were told it was impossible to have a meeting the next day for the reason that the writer was in Detroit on important business for the company, but that the matter would be taken up by telephone for an answer. The writer was called on the telephone at Detroit, the letter was read to him and he replied by wire as follows

NEW CASTLE PENN

WHILE I AM IN MICHIGAN TRYING TO CLOSE UP CONTRACTS TO CONTINUE WORK FOR YOU THE LETTERS POSTED HERETO FROM LOCAL NUMBER NINETY TWO WERE HANDED TO MY SON WHO IMMEDIATELY TELEPHONE ME

MY ANSWER TO YOU MEN TO WHOM I APPEAL TO YOUR SENSE OF FAIRNESS IS THAT I HAVE ALWAYS MET WITH OUR SHOP REPRESENTATIVES AND I HAVE NEVER REFUSED TO MEET ANY OF YOUR REPRESENTATIVES AT ANY TIME

I AM AWAY ON BUSINESS IN ORDER TO KEEP YOU AT WORK ON LARGE CONTRACTS FOR THE LAST HALF OF YEAR WHICH WILL TAKE ALL MY TIME AND SELLING ABILITY THIS WEEK AND NEXT. IT IS AS MUCH TO YOUR INTERESTS AS TO MINE NOT TO PERMIT ANYONE IN OR OUT OF OUR ORGANIZATION TO PRECIPITATE TROUBLE UNTIL I CAN CLOSE THESE CONTRACTS WHICH IF NOT SECURED WILL THROW MANY MEN OUT OF WORK

I HAVE ENOUGH FAITH IN THE INTEGRITY AND FAIRMINDEDNESS OF OUR EMPLOYEES TO SEE THE JUSTICE OF THIS. AS SOON AS THIS WORK IS CLOSED I SHALL GLADLY MEET WITH YOUR COMMITTEE AND TRY TO ADJUST ANY DIFFERENCES TO OUR MUTUAL BENEFIT

THE BUSINESS WE HAVE BOOKED THIS MONTH HAS DROPPED TO LESS THAN HALF OF THAT BOOKED THE PRECEEDING MONTH ANYTHING YOU DO TO FURTHER INTENSIFY THIS CONDITION WILL FORCE A CLOSE OF PLANT OPERATIONS ENTIRELY DUE TO LACK OF WORK

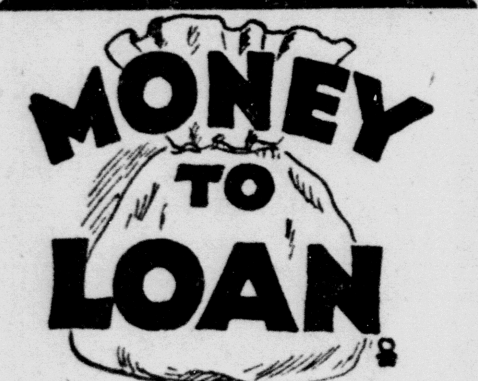

P. J. FLAHERTY PRESIDENT

This wire, together with copy of letter from the outside union, was posted on bulletin boards in the shop, and in addition our factory manager called in the members of the shop committee to find out about this ultimatum from the union. Each one, with the exception of one member, claimed they knew nothing whatever about this ultimatum and further stated that the president of this outside union, Mr. Roebuck, the professional organizer, had no right whatever to call a strike without a vote being taken by all members of the union. However at a meeting held last Friday night a vote was taken with approximately 125 members present. We are advised that some members got up and requested that a vote be taken by secret ballot, but Mr. Roebuck, the organizer, declared them out of order and insisted on a standing vote, which is nothing but plain intimidation. A standing vote was taken and a strike called.

The demands made the writer by this outside union is for an absolutely closed shop and for the so-called check-off system requiring this company to deduct union dues from the men's wages, which this company rightfully refuses to do for the reason that no such requirements are called for in the National Industrial Recovery Act.

Since August first last year this company has raised wages of our workmen 45%, which is practically the same average rate as we paid at the peak of the prosperity period of 1929. The Johnson Bronze Company is an integral part of the city of New Castle. It is owned, operated and controlled by New Castle people. Anything that affects the operation of this plant affects the citizens, the business men and the tax revenues of this city and county. We ask the public to believe that the Johnson Bronze Company is endeavoring to conduct its business under the National Industrial Recovery Act, and that it will continue to operate fairly for the benefit of the people of New Castle. We also ask that the citizens of New Castle be not influenced by the statements or activities of any person, or persons, who are strangers to the city.

P. J. FLAHERTY, President,
Johnson Bronze Company.

Cubs And Yanks Suffer On Road

Cardinals Only Team To Have Successful Jaunt

JACKSON'S BAT DEFEATS PIRATES

(International News Service) NEW YORK, May 29—Among the clubs which will be delighted to head for their home pastures today may be cited the Cubs of Chicago and the Yanks of New York, both of which had disastrous road trips.

Only the Cardinals had a truly successful road trip. It was so good, in fact, that they wound it up by moving into the lead after a long uphill climb.

The Cards were aided no little by the Giants who took a double header from the Pirates yesterday thereby moving themselves up to third place ahead of the drooping Cubs. Travis Jackson won both games with a homer. The first one was a honey. For seven innings neither French nor Schumacher allowed a hit. Then the Pirates got one in the eighth and the Giants got their first safety in the ninth.

The Pirates put over two runs in the tenth and the Giants came right back with two. Then, after French had fanned Bill Terry and Mel Ott in the eleventh, Jackson broke it up with a homer to win 3 to 2.

Reds Take Dodgers
The nightcap brought another pitching duel between Birkhofer and Hubbell, the latter winning, 1 to 0, on the strength of Jackson's second homer.

The Reds shocked the Dodgers no end by taking them 8 to 1.

Wild Bill Hallahan had one of his good days and the Cards shut out the Phillies, 10 to 0, and the Braves put the crusher on the Cubs, 5 to 3. The Yanks showed some of their old power by bunting 21 hits off a quartet of Brown pitchers and staggered in 13 to 9.

The Indians continued to set a hot pace at the expense of the A's whom they stopped in ten heats, 6 to 5.

The mended White Sox closed a successful home stand by pounding four Senators pitchers for 17 hits and an 11-7 decision.

The Tigers chased the once feared Lefty Grove to the showers in six innings and won, 12 to 6.

Ryantown Trims E. N. C. Merchants

Davies And Hill Outpitch E. Bauman To Gain Independent League Victory 6 To 5

Ryantown trimmed the East New Castle Merchants 6 to 5 at the Shenango high field last night in an independent league game. Davies and Hill were opposed by E. Bauman. The Ryantown team bunched hits in the fifth inning to score four runs. The Merchants bunched hits in the fourth inning for five runs, but not enough to win the game. H. Bunnell and Grim had the extra-base hits in the game.

Seniors Win Class A Events

Freshmen Capture Class B Events In Bessemer Meet

FRANK PERCIC LEADS CLASS A ATHLETES

(Special To The News) BESSEMER, May 29—As the pages of the record book are being opened for new entries during Bessemer high school's third annual intramural track meet, Friday, the seniors smashed their way to victory in class A and the freshmen led the field in class B. Five new records were made.

The seniors scored 37½ points, juniors 24½ and sophomores 8. In the class B the freshmen totaled 34 points to the eighth graders 16½ and the seventh graders 9½.

The most versatile performance was displayed by Floyd Bernhard, eighth grade. He turned in 15½ points of his team's total of 16½. After setting a new broad jump record for class B, with a jump of 17 feet 11 inches, he went on to win the 50 and 75-yard dashes, placed third in the shot and wound up the afternoon by deadlocking for third place in the high jump. Nick Calderaro proved the best individual scorer for the freshmen and Robert Davidson the best for the seventh graders.

Individual High.
Frank Percic, senior, led the field of individual scorers in class A with 11½ points. List and Solveski, also of the seniors, were close behind him. Mike Sankovich, senior, set a new shotput record in class A. He heaved the shot 47 feet 7 inches and Bill List bettered his last year's discus throw when he sent the plate out for 102 feet 11 inches on his second effort.

The class B shotput record was pushed up nearly a yard by Frank Bartlone, freshman. His distance was 40 feet 10 inches. The meet, the best of the three that have been held thus far, brought forth the best efforts of 90 boys. The events were ably directed by 14 students selected from the various classes.

Class A Summary.
50-yard dash—F. Percic, B. Poushey, F. Clark.
75-yard dash—A. Solveski, A. Murphy, B. Poushey, F. Percic.

Coen In Form And Allows Hillsville Only Five Hits As Tigers Take Game

Jewie Coen was in rare form last night at the Lee avenue field as he mowed down the Hillsville team in a Lawrence county league game and West Side Tigers chalked up a 9 to 2 league victory. Coen was touched for but five hits. He fanned seven men. Kotchmar and Marshall led the pitching for the losers and were touched for six hits.

Grist had the longest hit of the game, a triple, while doubles were hit by Jackson, Chill, Houston and Jones.

Kay Don Hurt In Speed Test

Famed British Driver Injured; Mechanic Dies Of His Injuries

(International News Service) DOUGLAS, ISLE OF MAN, May 29—After being found in a semi-conscious condition by a searching party led by his wife, the former Eileen Martin, of Greenwich, Conn., Kay Don, famed British racing driver, was recovering today from shock and abrasions suffered in an accident during a secret, midnight test of a new speed car.

Frank Taylor, Don's mechanic, who was in the car with him, died this morning from injuries received. Don, idol of the British sports public and Taylor went out last night to secretly test their entry in an international race to be held Friday. When they failed to return to their hotel here, Don's wife, daughter of Leonard J. Martin, Greenwich "linen king" organized a searching party which she led.

"They found the racers lying dazed beside the wreck of their car. Don said they had brushed a private automobile while traveling at a terrific rate and overturned. Don, who himself narrowly escaped death, sustained head injuries. His mechanic died without regaining full consciousness.

Meyer To Race At Indianapolis

Mechanics And Drivers Tuning Up 33 Cars For Race

FRED FRAME ESCAPES INJURY

(International News Service) INDIANAPOLIS, Ind., May 29—Thirty-three sleek racing cars will start tomorrow in the twenty-second annual 500 miles automobile classic on the Indianapolis motor speedway here.

The starting field was selected with completion of the time trials late yesterday. Among the 33 drivers who will compete in the Memorial Day classic is Louis Meyer, the South Gate, Cal., pilot who has twice won the long grind—first in 1928 and again last year.

While mechanics and drivers were tuning up the cars today squads of workmen were preparing the speedway grounds for an expected crowd of 100,000 spectators.

Of the 33 cars qualified, 31 are powered by gasoline motors, while two are driven by oil burning engines.

Kelly Pettilo, Los Angeles pilot, made the fastest time of the qualifiers, thereby clinching the pole position for the start.

Fred Frame, veteran driver from Los Angeles, went out of the race yesterday when his car swung out of control with a broken steering arm and crashed into a retaining wall coming into the stretch. He and Al Thiesen, his riding mechanic, were shaken up but they were not injured. Fair weather was predicted for tomorrow's derby, and a record crowd was expected. Pennsylvania qualifiers were:

Russell Snowberger, Philadelphia; Herbert Ardinger, Pittsburgh; A. B. Lats, Dubois, Pa., and George McKenzie, Eddington.

WELLS, folks, whose cleaning time at the Dewberry ranch over, thank goodness. The 7 little bedrooms of the 8 little Dewberys are spick and span but the Missus has had her usual housecleaning strike and that isn't so good, for you all know the aftermath of this terrible spring time ordeal. But we had a lot to be thankful for at that. No bugs located and only two moths and the bus-sprayed her back and both arms before she howled them over. If any of you folks are figuring on visiting the Dewberys come up now while the place is clean because in a week we won't know it ourselves. 11-6

Pre-Holiday Market Is Dullest In Recent Years, Fractional Changes Occur

RAILROAD STOCKS
HAVE EASIER TONE

(International News Service)
NEW YORK, May 29.—Settling down in pre-holiday lethargy that promised the dullest trading day in years, the stock market moved within a narrow range in early dealings today with pivotal issues showing but only fractionally away from yesterday's close.

Wheat, which soared the limit in yesterday's trading, retained its gain in opening dealings with initial prices up 1/4 to off 1/4, in Minneapolis wheat crossed \$1 a bushel. Weather reports suggesting traces of rain over the grain belt failed to bring any amount of profit-taking and other grains opened mixed but only fractionally away from yesterday's close. Cotton and rubber were higher.

Bonds also were relatively firm in dull trading although rail liens in the more speculative class, were somewhat easier. Governments were mixed.

Rail stocks reflected the slightly easier tone in the bond market after the first half hour. Union Pacific receded a full point to 24, while Atchafalpa and other leaders were off fractionally.

Mail order shares were firm as the bulge in grain prices promised additional purchasing power for those agricultural regions outside the drought area. Uneasiness over the traffic prospects of the northwest carrier, however, as the result of the crop damage, was a factor in the easier tone in rail securities.

Army Planning For Big Coast Maneuver

One Of Largest Peacetime Military Maneuvers Ever Attempted, Planned

Will Test Strength Of Army Defending North Atlantic Coast Line

(International News Service) WASHINGTON, May 28.—In one of the greatest peace time military maneuvers ever undertaken in this country, the United States army this fall will endeavor to prevent a theoretical enemy from invading the North Atlantic coast.

Plans for the maneuvers, designated to determine whether the American army would be capable of preventing an enemy from landing troops on the North Atlantic coast in the event of war, were disclosed Monday by the war department.

The exercises, which are to be held in September will cover a large territory centering in the New York-Jersey area, general headquarters near Raritan Arsenal, New Brunswick, N. J.

Gen. Douglas Mac Arthur, chief of staff, will be in charge of operations. Army detachments participating in the maneuvers will include command groups from the First and Second Army, comprising the First, Second, Third, Fifth and Sixth Corps Areas, covering Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New Jersey, Delaware, Virginia, West Virginia, Ohio, Kentucky, Illinois, Indiana, Michigan and Wisconsin.

If you rob the government of \$100, that is embezzlement. If you rob it of 100 million, that is an appropriation.

SEVENTH WARD NEWS

Decorations Are Placed On Graves

Valley View Graves Decorated For Memorial Day; Soldiers Honored

Persons from Cleveland, Ashtabula, Niles, Erie and other places have been in seventh ward at different times during the past four or five days decorating the graves of their loved ones in Valley View cemetery.

Today the majority of the graves have been decorated and many more will be visited on Memorial Day.

On Saturday Ralph Campbell, prothonotary of Lawrence county, visited the cemetery and placed flags and geraniums on each soldier's grave. Seventeen graves of Civil war veterans, two graves of Spanish-American war veterans and three graves of World war veterans were decorated.

Hilliard Serves Three Years On U. S. Navy Ship

One more furlough and then one more year and Ryan Hilliard, local youth, will end his enlistment in the U. S. Navy. He may enlist again, however, as his letters home seem to indicate that the life of a sailor is not at all distasteful to him.

Young Hilliard has spent most of the three years in the Pacific. He is now in the vicinity of Cuba and will be home in not so very long. The captain of his ship died while at sea, Hilliard writes to a friend, and was given a naval funeral from the ship as requested. The local youth will end his four year's service next April.

Nearly Fifty Thousand Books Circulate Here

The annual report of the New Castle Free Public library shows that the Mahoningtown branch had a circulation of 40,989 during the past year.

This is an exceptionally high circulation considering that the Washburn avenue library is open only twice a week, on Mondays and Thursdays. Mrs. Gladys Johnston is in charge here, assisted by Glenn McClurg.

FIRST STRAWBERRIES
What are believed to be the first strawberries of the vicinity made their ruddy appearance in the garden of Fred Theis, of North Cedar street, Monday.

BOOKS FOR JUVENILES
Mrs. Gladys Johnston, branch librarian, said on Monday that the Mahoningtown library has been pro-

vided with a large number of new books for children. Included are quite a number of "easy readers" for very young children and other reading matter for junior adults.

BACK FROM ILLINOIS

W. J. Cauffield, of North Liberty street, retired Pennsylvania railroad engineer, has just returned from a trip through Illinois, and says that after a stay in the Middle West, Pennsylvania looks like Utopia.

"Conditions are unbelievably bad out there," Mr. Cauffield says. "I was glad to get back to good old New Castle. Men with large families are working for thirty dollars a month during the summer on farms, with only their house, and a cow, provided for them. There is no work for them during the winter months. Now, with the crops ruined by drought and dust storms, the region is in a deplorable condition."

Mr. Cauffield was gone two weeks. He visited friends in El Paso, Illinois, while in the state.

BOY SCOUT MEETING

A meeting of the Boy Scout troop of Mahoningtown will take place at the troop's outdoor rendezvous this evening. The boys have been gathering regularly each week at a woody spot on the hill above Clayton street.

On last Saturday they all did the community a good turn by helping put the Valley View cemetery in good shape for Memorial Day. They cleaned the grounds of all debris and improved the appearance considerably.

The troop will on Wednesday march in the Memorial Day parade.

SEVENTH WARD PERSONALS

James Calvert, of this ward, is making a stay in New York City.

Miss Betty Dripps, of West Clayton street, daughter of Mr. and Mrs. John Dripps, is returning today from Edinboro State Teachers College, where she is a student, and will remain for the summer vacation.

Mr. and Mrs. Paul Walter and Paul, Jr., of North Liberty street, returned home Sunday night after attending the funeral services for Mrs. Walter's uncle, Claude Council, at Altoona, Pa. Mr. Council died from injuries received in an automobile wreck.

Personal Mention

Mrs. Ivor Lewis of 15 West South street is seriously ill.

Catherine Sager of R. F. D. No. 1 returned home from the New Castle hospital on Monday.

Mr. and Mrs. Sam Lewis of East Long avenue have returned from a trip to St. Louis, Mo.

Mrs. Joseph Bloise of 1231 East Brook street is among the patients in the New Castle hospital.

Mrs. John Marcus of 7 North Lee avenue was admitted to the New Castle hospital on Monday.
